

## CONSUMER CONFIDENCE SURVEY

Statistics Department of the Central Bank of Sri Lanka is conducting a survey to understand the consumer sentiments about the economic condition, job availability, family income and spending. The outcome of the survey will be used for compiling a Consumer Confidence Index that will be a useful indicator about the household sector of the Sri Lankan economy.

Registration is now open to take part in the monthly Consumer Confidence Survey where you will be randomly picked one or several times during an year to complete an online survey. If you are willing to provide your valuable input to the policy makers, use the link below to register today!
