One Click Can Cost You Everything!

Not all online offers and apps are what they seem!

BEFORE YOU SHARE OR PAY, ASK

- Are you being asked to share personal or sensitive information such as username, password, PIN, account number, NIC number, OTP, etc.?
- Are you being asked to pay or transfer money to an unknown account?
- Are you being contacted through unknown social media contacts?
- Are the links or files suspicious, or does the message ask you to download unknown files?

If the answer is 'YES', it may be a digital financial scam

THINK BEFORE YOU CLICK

- Verify the platform - Use only official websites and apps
- Protect your data - Never share passwords, OTPs or personal information
- Take your time - Don't be pressured into payments or trades
- Seek guidance - Check with a friend or the authorities before transferring money online
