## The Central Bank releases a new book “Interest Rates The Theory and Practice”

The Central Bank released its latest educational publication titled “**Interest Rates The Theory and Practice**” authored by Dr. W M Hemachandra, Assistant Governor of the Central Bank. This book is written to provide a theoretical background to interest rates and present an analysis on practical application of interest rates in the context of Sri Lanka, aiming at a readership of university students, academics, analysts, researchers and policy makers. Additionally, the publication can be used as a hand book containing a complete set of information related to interest rates for GCE (A/L) students and their teachers.

The Central Bank uses various publications and programmes to improve the economic and financial knowledge of the public and this book is another publication for this objective. Therefore, this book which will help improve the theoretical and practical knowledge in economics and finance of a large number of people is a national educational service of the Central Bank.

The publication will be available for sale in the Central Bank’s Publications sales outlet at Center for Banking Studies, Rajagiriya, and Provincial Offices.
