MONEY SUPPLY

END OF YEAR 1955-1962, END OF MONTH JANUARY 1963-

Dept. of Economic Research.

Source: Central Bank of Ceylon.

Money Supply is defined as "all Currency and Demand Deposits owned by persons other than Commercial Banks and the Government".

SOURCES OF MONEY SUPPLY

END OF YEAR 1955-1962, END OF MONTH JANUARY 1963-

Dept. of Economic Research

Source: Central Bank of Ceylon

This chart indicates the origin of Money supply in Ceylon.

- "Government Finance"—shows the claims of the Banking system on the Government net of the shift of rupee cash between the Government and the public.
- "Credit to Public"—shows the claims of the Banking system on the private sector net of change in time and Savings Deposits.

The Total money supply line is below the line limiting Government Finance in the months of January, March to July and September 1964, March and April 1965 and September 1966 to December 1967, because net external banking assets were negative in these months.

SAVINGS DEPOSITS & SAVINGS CERTIFICATES

*INCLUDES BOTH SAVINGS & TIME DEPOSITS
