***Part I***  
**EVENTS OF THE MONTH**  
***August 2011***

### **Fiscal Sector**

- Amana Bank Ltd. was appointed as a direct participant and a dealer direct participant of the Lanka Settle System.
- Wealth Trust securities limited was appointed as a Primary Dealer, in terms of the registered stock and securities Ordinance and the Local Treasury Bills Ordinance.
- The SCL on the importation of potatoes, big onions and garlic was increased from Rs.30 per kg to Rs.35 per kg, Rs.10 per kg to Rs.25 per kg and Rs.10 per kg to Rs.25 per kg respectively for a period of four months.
- The SCL on the importation of dried sprats, red onions, peas, chick peas, dhal, green gram, chilies, canned fish and sugar was extended for another four months.
- A full custom duty waiver of 30 per cent was granted on the importation of cashew nuts in shell (HS Code 0801.31.10 and HS Code 0801.31.90).
- Early retirement of callable Rupee loans as a measure to reduce the cost of public debt. Accordingly Rupee loans amounting to Rs.18,832 million were redeemed

### **Grants from the Asian Development Bank (ADB)**

Two agreements were signed between the Government of Sri Lanka and ADB. The details of the grants are as follows;

1. An agreement was signed on 01 August 2011 for a grant of US dollars 2 million (approximately Rs. 218.96 million), to finance the Improving Community-Based Rural Water Supply and Sanitation in Post-Conflict Areas of Jaffna and Kilinochchi Project.

2. An agreement was signed on 11 August 2011 for a grant of US dollars 1.5 million (approximately Rs. 164.61 million), to finance the Conflict-Affected Region Emergency Project.

### **Grants from the United Nations World Food Programme (WFP)**

Two agreements were signed between the Government of Sri Lanka and WFP on 26 August 2011. The details of the grants are as follows;

1. An agreement was signed for a grant of US dollars 39.76 million (approximately Rs.4.37 billion), to finance the Protracted Relief and Recovery Operations Project which is aimed to save life, reduce hunger, support early recovery and rebuild livelihoods among IDPs and recent-returnee households.
2. An agreement was signed for a grant of US dollars 8.87 million (approximately Rs. 975.55 million), to finance the Emergency Operations Project which is aimed to improve the food consumption of most affected people while protecting their livelihoods.

### **Grant from the United Nations High Commissioner for Refugees (UNHCR)**

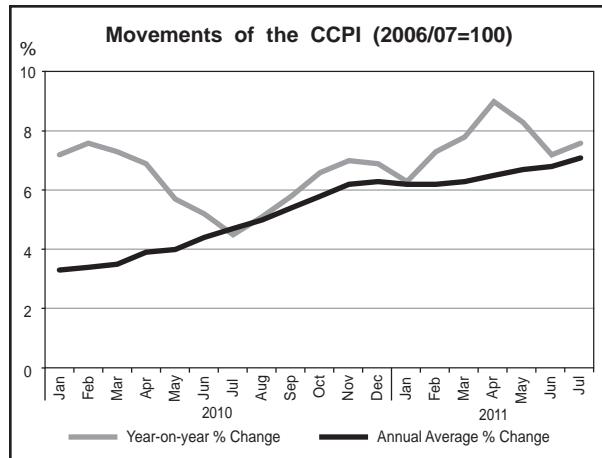

An agreement was signed between the Government of Sri Lanka and UNHCR on 30 August 2011, for a grant of US dollars 68.42 million (approximately Rs. 53.43 million), to finance the Assistance to Return and Reintegration of IDPs in Sri Lanka Project.

**PRESS RELEASES**  
**August 2011**

### 1. Inflation in July 2011

The Colombo Consumers' Price Index (CCPI) (2006/07=100), computed by the Department of Census and Statistics increased moderately by 0.4 per cent to 151.7 in July from 151.2 in June 2011. The inflation in terms of both year-on-year and annual average moved upward to 7.5 per cent and 7.0 per cent, respectively, in July, from 7.1 per cent and 6.7 per cent in June 2011. Meanwhile, Core inflation in terms of both year-on-year and annual average also increased to 8.9 per cent and 7.4 per cent, respectively in July 2011 as compared to 8.7 per cent and 7.1 per cent in the previous month.

The contribution to the monthly increase of 0.4 per cent in the Index came mainly from price increases in the non food category (1.4 per cent). Prices in the sub group of Food and non alcoholic beverages actually recorded a significant decline (-0.8 per cent). Within the Food sub category, prices of almost all varieties of vegetables, coconut, coconut oil, rice, dhal and red onions declined due to improvements in supply, while prices of fish and seafood increased. Prices in the sub categories of Clothing and footwear (1.4 per cent); Housing, water, electricity, gas and other fuels (0.6 per cent); Furnishing, household equipment and routine household maintenance (0.6 per cent); Health (1.9 per cent); Transport (3.7 per cent); Recreation and culture (2.0 per cent); and Miscellaneous goods and services (0.7 per cent) increased. Meanwhile, the prices in the sub categories of Communication and Education remained unchanged during the month.

## **2. Issue of Sri Lanka Development Bonds (SLDBs)**

*The Central Bank of Sri Lanka, on behalf of the Government of Sri Lanka, offered to issue Sri Lanka Development Bonds (SLDBs) of US Dollars 75 million in 3-year tenor and US Dollars 50 million in 4-year tenor to eligible investors for subscription at a rate of US Dollar 6 month LIBOR plus a margin to be determined through competitive bidding.*

The offer was opened from 04 – 11 August 2011 for bidding with the settlement on 18 August 2011. Both foreign and local commercial banks and institutional investors subscribed bids at the auction. As some investors expressed their willingness to invest US Dollars 55 million for a 5-year tenor, the Government decided to accept US Dollars 81 million in 3-year maturity and US Dollars 30 million in 4-year maturity at the market determined rates of US Dollar 6 month LIBOR + 365 bps (weighted average margin) and 6 month LIBOR + 375 bps (weighted average margin) respectively, and US Dollars 55 million in 5-year maturity at a rate of

6 month LIBOR + 390 bps. Today, the US Dollar 6 month LIBOR rate is 0.44 per cent.

The SLDB issue was executed in terms of Section 2(a) and 2(c) of the Foreign Loans Act, No. 29 of 1957 as amended.

The SLDBs are transferable by endorsement, delivery and registration with the Superintendent of Public Debt of the Central Bank of Sri Lanka. Eligible investors may purchase SLDBs in the secondary market through Designated Agents appointed by the Central Bank of Sri Lanka.

## **3. Further Relaxation of Foreign Exchange Regulations**

*With a view to facilitating the foreign exchange transactions of the growing economy of Sri Lanka, a few new policy measures have been introduced by the Central Bank to relax the foreign exchange regulations further.*

The new policy measures that will be implemented with effect from 17th August 2011 are given below:

### **1. Relaxation of restrictions for foreign investments in Unit Trusts**

Considering the advantages in promoting the investment in Unit Trusts and to broaden the investor base in such instruments, the Budget 2011 proposed the removal of exchange control regulations in relation to investments in Unit Trusts. Following such budget proposal, the Central Bank will now allow non-residents and foreign institutional investors to invest in Sri Lankan Unit Trusts.

### **2. General permission for Sri Lankan students to obtain loans from foreign financial institutions**

During the past few years, there has been an increase in the number of Sri Lankan students pursuing their higher education in foreign countries. Such students often need to obtain funds from foreign banking and financial sources to meet tuition fees and living expenditure while they undertake their studies

abroad. For such purpose, the current regulation is that they must obtain the prior approval of the Controller of Exchange, which is quite inconvenient since the students are in a foreign country at the time the need arises.

Accordingly, it has now been decided to grant a general permission for Sri Lankan students to obtain Students' Loans from foreign financial institutions.

### **3. General permission for the Sri Lankan Residents to make payments to Non-Residents in respect of purchase of real estate properties in Sri Lanka**

Under current regulations, resident buyers of Sri Lankan real estate properties from Non-Resident Sri Lankans are required to obtain the prior permission from the Controller of Exchange to make payments to Non-Residents.

With a view to facilitate foreign exchange transactions, it has now been decided to grant the permission under section 7 of Exchange Control Act (ECA) as a general permission for Sri Lankan resident buyers

to make payments to non-resident Sri Lankans in respect of purchase of real estate properties.

#### **4. Permission for selected supermarkets to engage in money changing business**

With the improvement of the tourism industry and increased migrant workers' remittances, money changing business is expected to grow substantially in the coming years. At present, money changing businesses are mainly concentrated in the Colombo District and around the coastal belt in the Western Province, and such operations are usually available from around 9.00 a.m till around 6.00 p.m. only. In order to provide additional flexibility to those who wish to change foreign currency through formal channels, it has now been decided to grant money changing licences to selected supermarket chains since supermarkets remain open till late night on all days, including holidays.

#### **5. New facilities for the holders of Resident Non National Foreign Currency Accounts**

Foreign nationals who are residing in Sri Lanka are presently permitted to open and maintain foreign

currency accounts named "Resident Non- National Foreign Currency Accounts (RNNFC)". However, expatriate employees are currently not permitted to credit their earnings received in Sri Lankan rupees, into such RNNFC accounts.

With a view to facilitating foreign exchange transactions, it has now been decided to grant permission to convert the salaries and other benefits paid in Sri Lankan Rupees to expatriate employees, into foreign currency and credit such amounts to RNNFC Accounts. As a further measure, permission will also be granted to transfer funds from accounts maintained in FCBU to the credit of RNNFC.

The Central Bank of Sri Lanka is of the view that the relaxation of the above foreign exchange regulations would enhance investor confidence, strengthen the foreign reserves in the long run and stabilize the foreign exchange market, thereby paving the way to integrating the Sri Lankan economy more closely with the global economy.

### **4. Monetary Policy Review – August 2011**

*As reflected by the leading economic indicators, the growth momentum of the economy is continuing with increased contribution to growth from all key sectors of the economy. The Colombo Consumers' Price Index (CCPI) (2006/07=100), computed by the Department of Census and Statistics, recorded a year-on-year increase of 7.5 per cent in July 2011 compared to 7.1 per cent in June 2011, and an annual average increase of 7.0 per cent in July 2011 in comparison to 6.7 per cent in the previous month. However, with the continuous improvements in the supply of most food items, inflation is expected to moderate in the coming months.*

Performance in the external sector has been encouraging with increased foreign trade, improved worker remittances and inflows to the services account, driven also by higher earnings from tourism. Foreign direct investment (FDI) inflows during the first half of the year amounting to US dollars 413 million, were encouraging, and served to demonstrate that the target of US dollars 1 billion set for 2011 is largely on track. The gross official reserves (without ACU balances) increased to US dollars 8,158 million by 16 August 2011 from US dollars 6,610 million recorded at end December 2010. With increased inflows, the rupee has appreciated by 0.96 per cent against the US dollar so far during the year.

With increased government revenue and contained expenditure, the government maintained the fiscal deficit target during the first half of 2011 in line with the budget. The overall deficit as a percentage of GDP during the first six months was also lower than that in the corresponding period in 2010. The international sovereign bond issue of US dollars 1 billion in July 2011 was oversubscribed by 7.5 times, reaffirming the confidence placed by investors in the Sri Lankan economy and indicating the opportunities available for Sri Lankan corporates to raise funds internationally. At the same time, about one half of the proceeds from the bond issue was utilised to retire high cost domestic debt, while the government deposited the other half of

the proceeds with the Central Bank to meet future debt repayment obligations.

Broad money ( $M_{2b}$ ) expanded by 20.7 per cent, year-on-year, in June 2011 mainly driven by the increased demand for credit by all productive sectors of the economy, in particular, those in the Northern and Eastern provinces. Credit disbursed to the private sector increased by 34.4 per cent on a year-on-year basis in June 2011. Such increase was higher than originally estimated, although this partly compensated the lower credit utilisation during the early months of last year. Nevertheless, emerging uncertainties in advanced economies could decelerate global economic growth, thereby easing pressure on aggregate demand

domestically, thus leading to the likely accomplishment of the Central Bank's announced monetary targets. The Central Bank will continue to closely monitor the growth of monetary aggregates and will implement appropriate measures if demand-side pressures in the economy increase.

Considering the above, the Monetary Board, at its meeting held on 18 August 2011, decided to maintain the policy interest rates of the Central Bank at their current levels. Accordingly, the Bank's Repurchase rate remains at 7.00 per cent while the Reverse Repurchase rate remains at 8.50 per cent.

The release of the next regular statement on monetary policy will be on 16 September 2011.

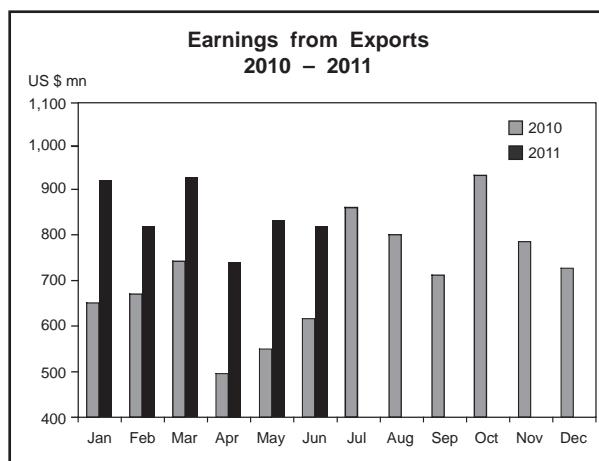

## 5. External Sector Performance – June 2011

*Earnings from exports grew by 31.6 per cent in June 2011, while expenditure on imports increased by 49.6 per cent. The cumulative earnings from exports and expenditure on imports during the first half of 2011 increased by 35.2 per cent to US dollars 5,057 million and 46.5 per cent to US dollars 9,307 million, respectively. The trade deficit expanded to US dollars 4,250 million during the period.*

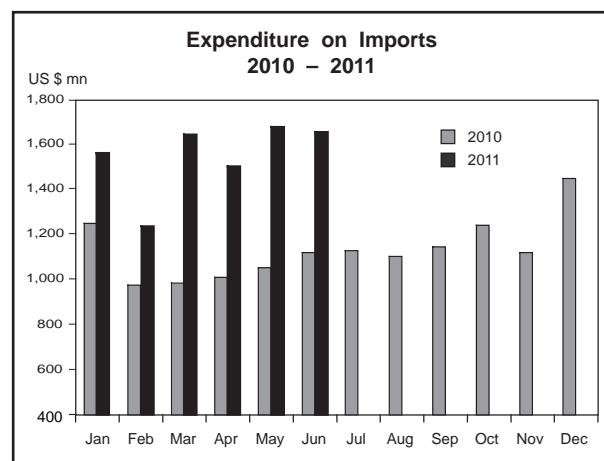

Growth in export earnings in June 2011 was led by the industrial exports, particularly textiles and garments and rubber products. Earnings from food, beverages and tobacco exports decreased reflecting lower exports of cocoa preparations and seafood. The average export prices of tea and rubber remained around US dollars 4.54 per kg and US dollars 5.04 per kg, respectively. Earnings from minor agricultural product exports

increased by 26.0 per cent to US dollars 34 million, mainly due to the higher prices. Increased earnings from mineral exports were led by higher exports of gems.

Increased domestic demand as well as higher prices of certain consumer and intermediate goods continued to drive import expenditure. Amongst the intermediate goods imports, expenditure on textiles and

Sources : Central Bank of Sri Lanka  
Sri Lanka Customs

Sources : Central Bank of Sri Lanka  
Sri Lanka Customs

clothing imports made a significant contribution towards the growth in import expenditure in June 2011 due to increased volume as well as prices. The average import price of crude oil increased by 43.9 per cent to US dollars 111.21 per barrel in June 2011. With respect to the consumer imports, expenditure on food and beverages increased in June 2011 mainly due to the higher expenditure incurred on wheat and sugar. Expenditure on imports of non-food consumer goods also increased in June 2011, particularly, motor vehicles (US dollars 84 million). Expenditure on imports of investment goods increased by 66.0 per cent year-on-year, owing to higher imports of machinery and equipment.

During June 2011, workers' remittances increased by 17.3 per cent to US dollars 404 million over the same month of 2010. Cumulative inflows on account of workers' remittances amounted to US dollars 2,507 million during the first six months of 2011. Earnings from tourism grew at a healthy rate of 50.9 per cent to US dollars 370 million during the first six months of the year while total foreign inflows to the government during

the same period amounted to approximately US dollars 1.4 billion. As per the provisional estimates, gross official reserves, without Asian Clearing Union (ACU) balances, increased significantly to US dollars 8.1 billion by end July 2011, mainly due to the receipt of proceeds of the fourth International Sovereign Bond of US dollars 1 billion. Based on the previous 12-month, average expenditure on imports of US dollars 1,398 million per month, the gross official reserves without ACU balances were equivalent to 5.8 months of imports.

The performance of external trade during the period is further illustrated in the following table. It should be noted that trade data for 2010 and the first three months of 2011 were updated based on revised data received from the Sri Lanka Customs. Value of airplanes imported on operating lease terms were adjusted for the relevant periods. Accordingly, year-on-year growth in exports shows an increase of 21.0 per cent against the previously reported growth of 17.3 per cent in 2010, while imports for 2010 records a growth of 31.8 per cent against the previously reported growth of 32.4 per cent.

## 6. Inflation drops in August 2011

The Colombo Consumers' Price Index (CCPI) (2006/07=100), computed by the Department of Census and Statistics decreased by 0.3 per cent to 151.3 in August from 151.7 in July 2011. The rate of inflation on a year-on-year basis decreased to 7.0 per cent in August from 7.5 per cent in July 2011, while the annual average rate of inflation moved up slightly to 7.1 per cent in August from 7.0 per cent recorded in the previous month.

Meanwhile, it is noteworthy that the year-on-year core inflation, which had been increasing continuously from March 2011 to reach 8.9 per cent in July 2011 dropped sharply to 7.8 per cent in August 2011. However, on an annual average basis, core inflation increased marginally from 7.4 per cent in July to 7.5 per cent in August 2011.

The contribution to the monthly decrease of 0.3 per cent in the Index came mainly from price decreases in the sub category of Food and non alcoholic beverages (0.7 per cent). Within the Food sub category, prices of almost all varieties of vegetables, coconut, coconut oil, rice and red onions declined due to improvements in supply, while prices of big onions, fruits, eggs, chicken, sugar, potatoes and large fish increased. However, prices in the sub categories of Clothing and footwear (1.1 per cent); Housing, water, electricity, gas and other fuels (0.1 per cent); Furnishing, household equipment and routine household maintenance (0.1 per cent);

and Miscellaneous goods and services (0.5 per cent) increased. Meanwhile, the prices in the sub categories of Transport; Recreation and culture; Communication; and Education remained unchanged during the month.

## **STATISTICAL APPENDIX**

### **Definitions and Explanatory Notes**

The following general notes supplement the footnotes given below the individual tables:—

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparision, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:—

n.a.	=	not available
—	=	nil
...	=	negligible

## PRODUCTION, RAINFALL, INPUTS AND INVESTMENT

**TABLE 1**

### Gross Domestic Product by Industrial Origin

	July	186.6	21.3	134.3	103.4	708.3

(a) Revised

(b) Provisional

(c) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11KV, 33KV and 132KV.

(2) Figures include electricity consumption of hotels.

(d) Sales other than to Ceylon Electricity Board.

(e) Excluding Petroleum exports.

- (a) The index was based on Household Income and Expenditure Survey conducted in 2006/07.  
The weights are based on the consumption pattern of the urban households within the Colombo district.  
The total basket value (at 2006/07 prices) was Rs. 27,972.11
- (b) Annual and quarterly figures are averages of monthly figures.

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department  
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

Sources : Ministry of Finance and Planning  
Central Bank of Sri Lanka

(b) Excludes foreign investments in Treasury bills.

(c) Excludes foreign investments in Treasury bonds.

(d) Net foreign investments in Treasury bills and Treasury bonds are included.

(e) Provisional

(a) Computed from weekly averages.

(b) Footnote (d) of Table 14 in the Annual Report 2009 gives the conversion formula used for the conversion of the volume of the three main types of coconut exports to their nut equivalent (from kgs).

(c) This refers to prices of the best quality copra.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

- (a) Special Drawing Rights (SDRs), the unit of account of the International Monetary Fund.
- (b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.
- (c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(a) Annualised Forward Premium ( $f^d$ ) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{[F_t^{t+1} - S_t]/S_t\} * 100 * (12/t)$$

Where  $F_t^{t+1}$  is the forward rate for period  $t+1$  that exists in period  $t$  and  $S_t$  is the interbank spot rate at period  $t$ .

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

Source: Central Bank of Sri Lanka

(b) External assets (net) of the Central Bank and commercial banks (including outward bills).

(c) Currency and demand deposits held by the public.

(d) Credit extended by the banking system to the government, net of government deposits with banks and government cash balances.

(e) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Net Credit to Government since October 2006.

(a) Data pertaining to the balance sheet of the Central Bank from January 2002 are based on International Accounting Standards (IAS). Accordingly foreign securities of the Central Bank have been valued at current market prices since January 2002. These data prior to January 2002 are according to local books at cost or face value whichever is less.

(Contd.)

(b) Includes securities acquired from government institutions.

(c) Credit provided under "Susahana" refinance credit scheme is included from 2005 December.

(d) Government and government guaranteed securities are at fair value basis.

Note : The number of reporting banks were 23 until January 2006, and 22 from October 2008.

(Contd.)

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(d) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivable etc.).

(b) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Treasury bonds since October 2006.

(e) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. With effect from 18 May 1998, Treasury bonds are considered as part of liquid assets of commercial banks. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets of commercial banks. Balances due from domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(c) Includes Central Bank securities and DFCC Bonds.

(a) This monetary survey is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs data to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply :
  - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
  - (ii) All RNNFC balances are treated as foreign liabilities;
  - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(c) External assets (net) of the Central Bank and commercial banks (including outward bills).

(d) Currency and demand deposits of the public.

(e) Time and savings deposits of the public held with commercial banks.

(a) This financial survey is based on the aggregated data pertaining to Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of commercial banks, Licensed Specialised Banks (LSBs) and Registered Finance Companies (RFCs) operating in Sri Lanka. Definitional changes have been adopted in aggregating data pertaining to DBUs, OBUs, LSBs and RFCs to avoid double counting and misclassification of assets and liabilities. The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
  - (i) One half (50 per cent) of Non-Resident Foreign Currency (NRFC) deposits are treated as domestic deposit liabilities;
  - (ii) All Resident Non-National Foreign Currency (RNNFC) balances are treated as foreign liabilities;
  - (iii) All other domestic foreign currency accounts are treated as domestic liabilities.

(b) Currency, demand deposits and quasi money in DBUs in this table differ from those in table 52 due to the fact that LSBs and RFCs are not treated as 'public' under this broad monetary survey ( $M_4$ ) definition.

(c) Time and savings deposits of the private sector with commercial banks, LSBs and RFCs.

Source: Central Bank of Sri Lanka

- (d) External assets of commercial banks include outward bills.
- (e) Credit extended by the Central Bank, DBUs, OBUs, LSBs and RFCs to the Government, net of Government deposits with banks and Government cash deposits.

Source: Central Bank of Sri Lanka

- (a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.
- (b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks for the week.
- (c) Excludes interbank deposits.
- (d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and vault cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and vault cash balances during the week ending Tuesday of the previous reserve week.
- (e) SRR was increased from 7.00 per cent to 8.00 per cent with effect from 29 April 2011.

Source: Central Bank of Sri Lanka

(a) All interest rates are as at the end of period, unless otherwise stated.

(b) This is the rate at which the Central Bank grants advances to commercial banks for temporary liquidity purposes. With effect from 04 January 1991, the rate was increased to 17 per cent from 15.5 per cent. As at end 1999 this rate was 16 per cent. With effect from 02 October 2000 the rate was increased to 18 per cent and further increased to 25 per cent with effect from 21 November 2000. With effect from 02 July 2001, this rate was brought down to 23 per cent and further reduced to 18 per cent with effect from 27 December 2001. On 15 August 2003, the rate was reduced to 15 per cent.

(c) Average Weighted Deposit Rate (AWDR) is calculated monthly by the Central Bank based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.

(d) The Average Weighted Prime lending Rate is estimated weekly by the Central Bank based on commercial banks' lending rates offered to their prime customers during the week. These monthly figures are average values of estimated weekly rates.

(e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Issue of Treasury bonds commenced in March 1997.

 Sources: Central Bank of Sri Lanka  
 Primary Dealers in Government Securities

(b) The yield rates on Rupee Securities are administratively determined and given rates includes tax.

(c) Secondary market information is based on data provided by Primary Dealers in Government Securities and is available since October 2000.

(d) Yield rates are averages of bid and offer rates.

Note : Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates is not available.

ATM cards – Issuing fee	Rs. 750	Rs. 100
Credit cards – Issuing fee	Rs. 6,000	Rs. 200
Renewal fee	Rs. 9,500	Rs. 180

**Notes :**

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for outward transmission from Sri Lanka would differ, on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.

(a) Loans and advances include overdrafts and bills discounted and exclude cash items in the process of collection.

Source : Central Bank of Sri Lanka

Maturity Classification : Short-term – Less than one year  
 Medium-term – 1 to 5 years  
 Long-term – More than 5 years

(b) Loans and advances of Offshore Banking Units are also included since 2008.

(c) Includes loans and advances granted for Engineering and Building Trade, Mining and Fishing.

(d) Data prepared as per the above classification were revised following the reclassification. Therefore, data in Tables 69 A and 69 B are not comparable.
