Part I
EVENTS OF THE MONTH
January 2011

Fiscal Sector

- Import of goods, for any infrastructure development project funded through foreign loans or donations directly to government ministries as approved by the Minister of Finance was excluded from Nation Building Tax (NBT) and Value Added Tax (VAT).
- Import of raw materials exclusively used in manufacturing ayurvedic preparation and packing materials exclusively used for packing of ayurvedic preparations in Sri Lanka (other than cosmetic preparations) as approved by the Minister of Finance was excluded from NBT.
- Import of bitumen falling under HS Code 2713.20 and HS Heading 27.14 and import of tractors falling under HS Codes 8701.10.10, 8701.10.90, 8701.90.10 and 8701.90.20 was excluded from NBT.
- Importation of certain categories of machinery and equipment for leather or footwear industry, high-tech medical, laboratory and educational equipment, taxi meters, agricultural machinery and parts, electrical equipment, articles used for fashion jewellery manufacturing, machinery and high-tech equipment for the use in telecommunication industry and air craft simulators and parts was exempted from VAT.
- The customs duty waiver granted on the importation of petrol was increased from Rs. 20 per litre to Rs. 30 per litre. Hence the applicable duty rate is Rs. 5 per litre.
- A full customs import duty waiver was granted on the importation of milk powder. Hence, only Port and Airport Development Levy (PAL) and NBT will be applicable on importation of milk powder.
- The 20 per cent VAT rate was reduced to 12 per cent. Hence, there is only one VAT rate applicable other than the zero rate.
- The prevailing NBT rate of 3 per cent was reduced to 2 per cent.
- Regional Infrastructure Development Levy (RIDL) was removed.
- A Composite Telecommunications Levy of 20 per cent was introduced replacing the VAT, NBT and Cellular Mobile Subscriber's Levy on telecommunication services.
- A Cess levy of 2 per cent on the annual gross turnover of telecom operators was introduced.

- Turnover Tax (TT) collected by the provincial councils was abolished.
- The Share Transaction Levy was increased from 0.2 per cent to 0.3 per cent.
- Excise duty on hard liquor (all types of liquor except malt liquor) was increased by Rs. 50 per proof litre.
- All public servants were given a special allowance equivalent to 5 per cent of their basic salary.
- The cost of living allowance (COLA) of public sector employees in the non staff grade category was increased by Rs. 600 to Rs. 5,850 per month.
- The COLA of pensioners was increased by Rs. 300 to Rs. 2,675 per month.
- The 'Academic Allowance' paid to university academic staff, the 'Personal Allowance' paid to the members of the judiciary coming under the purview of the Judicial Services Commission, and the 'On-Call Allowance' paid to doctors was increased by 25 per cent.

Loan from the Export-Import Bank of India

An agreement was signed between the Government of Sri Lanka and the Exim Bank of India, on 26 November 2010, for a loan amounting to US dollars 416.39 million (approximately Rs. 46.34 billion) to finance the Railway lines from Omathai-Pallai sector, from Madhu Church – Tallaimannar sector and from Medawachchiya – Madhu. The loan facility carries an interest rate of 1 year LIBOR plus a margin of 0.5 per cent per annum, one-time management fee at the rate of 0.5 per cent of the credit on or before the date of first disbursement and a commitment fee of 0.5 per cent on unwithdrawn credit balance. The loan is repayable in 20 years including a grace period of 5 years.

Grant from the International Development Association (IDA) of the World Bank

An agreement was signed between the Government of Sri Lanka and IDA on 31 January 2011, for a grant of US dollars 2.73 million (approximately Rs. 303.49 million), to finance the Local Level Nutrition Interventions in Northern Province Project.

Part II
PRESS RELEASES
January 2011

1. Monetary Policy Review – January 2011

Inflation, as measured by the year-on-year change in the Colombo Consumers' Price Index (base=2002) was 6.9 per cent in December 2010. Annual average inflation in 2010 was 5.9 per cent. Accordingly, inflation has continued to hover around mid-single digit levels, although weather related factors and supply disruptions have led to increases in prices of some selected food items time to time.

However, these price increases in the domestic economy are expected to have only a transient effect on domestic inflation, and current monetary developments do not indicate any significant demand pressures in the economy emanating from second round effects of these price increases. The continued stability of the Sri Lanka rupee has also cushioned price increases of imported commodities, while measures taken by the government, particularly downward adjustments to tariffs applicable to imported commodities, helped reduce price pressures further.

In the coming months, domestic agricultural production is expected to increase along with the increase in the extent of land cultivated. In addition, the enhanced capacity utilisation in many sectors of the economy, with the development of infrastructure, reasonable productivity gains and greater efficiency of capital employed, would help ease domestic price pressures.

By November 2010, year-on-year growth in credit granted to the private sector by commercial banks was 23 per cent, partly due to the base effect, given that a negative growth of around 6 per cent was recorded for November 2009. During the same time frame, growth in broad money supply in 2010 recorded an average value of around 15 per cent, thus remaining consistent with the target stipulated in the monetary programme for 2010.

Data relating to developments on the fiscal front indicate that the deficit in the national budget would

be well within the targeted 8 per cent of GDP in 2010. Meanwhile, the government remains committed to securing a budget deficit of 6.8 per cent of GDP in 2011 with current indications showing that such deficit target is very likely to be achieved.

The above favourable macroeconomic environment therefore provides the required space and comfort for new and wider investments to be made in all sectors of the economy, including new growth areas, without fuelling undue inflationary pressures in the period ahead, thereby firmly supporting the country's growth potential. In that scenario, the encouragement of substantial and sustained private sector participation in economic activity in the years ahead, would be vital. Towards that end, a reasonable relaxation of the Central Bank's monetary policy stance would be appropriate and timely. Such policy stance would result in a further reduction in market interest rates, which would reflect the lower risk premia that is expected to prevail in the period ahead, without increasing the inflationary pressures in the economy.

Taking into consideration, inter alia, the key factors discussed above, the Monetary Board, at its meeting held on 10 January 2011, decided to reduce the Central Bank's Repurchase rate by 25 basis points and the Reverse Repurchase rate by 50 basis points to 7.00 per cent and 8.50 per cent, respectively, with effect from 11 January 2011.

The release of the next regular statement on monetary policy will be on 8th February 2011.

2. Opening of the first state of the art milling Rice flour factory in Sri Lanka

The Central Bank of Sri Lanka (CBSL) under its Viskam Loan Scheme has facilitated to set up the first rice flour factory with latest state of the art milling technology in Sri Lanka.

The CBSL, in association with several key stakeholders and two state banks, is currently promoting rice based industries in the country with a view to utilize excess rice to produce value added agro based products.

As estimated by the Department of Agriculture, the paddy production in the country will increase substantially once paddy lands in the Northern and Eastern provinces are cultivated totally. Hence, the excess rice production needs to be diverted to produce other value added rice based products in order to maintain market stability with a remunerative price for the farmers in the regions. Since it is believed that rice based products are healthier than wheat flour based products, establishment of rice flour industries would bring multiple benefits for the country.

Accordingly, under the Viskam Loan Scheme, the CBSL has granted refinance loans to two state banks to set up two such factories using latest state of the art milling technology to produce rice flour that contains particles with less than 120 micron in size which is ideal for production of confectionary and bakery products including bread.

Since micron size particles are very much tiny, according to the industrialists, bakers can make bread mixing up to a maximum of 80% rice flour with 20% wheat flour.

Mr. Ajith Nivard Cabraal, Governor, Central Bank of Sri Lanka will be the Chief Guest at the opening ceremony at Veyangoda on 20th January 2011.

The first Rice flour industry of this nature will commence operations at Veyangoda where the industry is located and the opening ceremony is scheduled to be conducted as follows:

Date : 20.01.2011

Time : 10.00 a.m.

Venue : Bandara Industrial Services (Pvt) Ltd.,
No.4, Food Department Stores Complex,
Veyangoda.

Bank of Ceylon has financed this project with refinance facility available from CBSL under Viskam loan scheme. CBSL expects to promote 25 such industries in other parts of the country. The product has been branded as Healthy Fla by Bandara Industrial Services (Pvt) Ltd., Veyangoda.

3. External Sector Performance – November 2010

Earnings from exports increased significantly by 36.0 per cent, year-on-year, to US dollars 834 million in November, 2010. This is the highest monthly increase since October 2004, reflecting substantial increases in some of the relatively newer categories of exports, such as boats, bicycles, electrical equipment, rubber products, petroleum products, food, beverages and tobacco.

Cumulative earnings from exports during the first eleven months of 2010 increased by 15.4 per cent, year-on-year, to US dollars 7,339 million, reflecting one of the highest cumulative growth rates in the recent past. Expenditure on imports increased by 19.1 per cent to US dollars 1,113 million in November, 2010 mainly due to higher imports of intermediate goods. Cumulative expenditure on imports during the first eleven months

of 2010 increased by 32.6 per cent, year-on year, to US dollars 12,083 million. As a result, the trade deficit expanded to US dollars 4,744 million during this period compared to US dollars 2,753 million in the corresponding period of 2009.

The largest contribution to growth in export earnings came from the industrial exports, followed by the agricultural exports. Industrial exports, which accounted

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

76 per cent of total export earnings, were led by textile and clothing exports. Earnings from garment exports to Sri Lanka's major markets, the EU and USA, increased by 39.2 per cent and 28.7 per cent respectively, in November 2010. Earnings from machinery and equipment exports increased significantly to US dollars 67 million in November 2010. This comprised mainly of transport equipment, such as boats and bicycles, and electrical equipment, such as transformers, static converters, inductors, circuits and insulated cables. Earnings from rubber products, petroleum products and food, beverages and tobacco categories also contributed towards the growth in industrial export earnings in November 2010. Earnings from agricultural exports, which accounted for 22.9 per cent of total export earnings, also grew reflecting increases in export volumes and prices in all sub-sectors of agricultural exports. The average export prices of tea and rubber remained high at US dollars 4.55 per kg and US dollars 4.14 per kg respectively, in November 2010.

Expenditure on imports increased led by higher imports of intermediate goods, particularly petroleum. Import price of crude oil averaged at US dollars 84.85 per barrel in November 2010 reflecting an increase of 7.2 per cent over US dollars 79.18 per barrel in

November 2009. Expenditure on imports of consumer goods increased in November 2010 due to higher imports of non-food consumer goods, led by motor vehicles. However, expenditure on food imports decreased mainly due to lower import volumes of rice, sugar and wheat grain, while expenditure on imports of milk products increased by 48.8 per cent in November 2010, reflecting higher international prices due to global supply constraints. Imports of all sub categories of investment goods, except transport equipment, increased in November 2010.

During the first eleven months of 2010, workers' remittances increased by 23.9 per cent to US dollars 3,761.9 million (after adjusting for revisions by commercial banks) over that of the corresponding period of 2009. The gross official reserves continued to remain above the targeted level and stood at US dollars 6.6 billion by end December, 2010 without Asian Clearing Union (ACU) funds. Based on the previous 12-month average expenditure on imports of US dollars 1,108 million per month, the gross official reserves without ACU funds, were equivalent to 6.0 months of imports.

The performance of external sector during the period is further illustrated in the following table.

External Trade Performance: November 2010 and January – November 2010

Category	November 2009 US \$ mn	November 2010 US \$ mn	Growth November %	Jan–Nov 2009 US \$ mn	Jan–Nov 2010 US \$ mn	Growth Jan–Nov %

STATISTICAL APPENDIX

Definitions and Explanatory Notes

The following general notes supplement the footnotes given below the individual tables:-

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparision, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:-
n.a. = not available
= nil
... = negligible

(a) Revised

Sources : Central Bank of Sri Lanka

(b) Provisional

Ceylon Electricity Board

(c) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11KV, 33KV and 132KV.

Ceylon Petroleum Corporation

(2) Figures include electricity consumption of hotels.

Sri Lanka Customs

(d) Sales other than to Ceylon Electricity Board.

(e) Excluding Petroleum exports.

PRODUCTION, RAINFALL, INPUTS AND INVESTMENT

(a) The Private Sector Monthly Industrial Production Volume Index is calculated on the basis of information received from 150 major industrial firms, both in the BOI and Non-BOI Sectors.

Source : Central Bank of Sri Lanka

(b) The weights used for the compilation of Private Sector Industrial Volume Index have been adjusted based on the Industrial Survey carried out by the Department of Census and Statistics (DCS) in 2002.

- (a) The index was based on household income and expenditure survey conducted in 2002.
 The weights are based on the consumption pattern of the urban households within the Colombo district.
 The total basket value (at 2002 prices) was Rs. 17,996.38

- (b) Annual and quarterly figures are averages of monthly figures.

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

Sources : Ministry of Finance and Planning
Central Bank of Sri Lanka

(b) Special payments and receipts on account of Sri Lanka's contribution to and from the IMF and the IDA and special loans from these payments are excluded from both recurrent expenditure and Central Bank Advances.

(c) Provisional.

(d) Excludes foreign investments in Treasury bills.

(e) Excludes foreign investments in Treasury bonds.

(f) Net foreign investments in Treasury bills and Treasury bonds are included.

(a) Computed from weekly averages.

(b) Footnote (d) of Table 14 in the Annual Report 2009 gives the conversion formula used for the conversion of the volume of the three main types of coconut exports to their nut equivalent (from kgs).

(c) This refers to prices of the best quality copra.

(d) Provisional.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index.

Source: Central Bank of Sri Lanka

This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

Source: Central Bank of Sri Lanka

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

Source: Central Bank of Sri Lanka

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

(a) Special Drawing Rights (SRDs), the unit of account of the International Monetary Fund.

Source: Central Bank of Sri Lanka

(b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(d) REER computation is based on CCPI.

(e) The REER Indices for 2009 and 2010 are provisional.

(a) Annualised Forward Premium (f^d) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{[F_t^{t+1} - S_t]/S_t\} * 100 * (12/t)$$

Where F_t^{t+1} is the forward rate for period $t+1$ that exists in period t and S_t is the interbank spot rate at period t .

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

Source: Central Bank of Sri Lanka

(b) External assets (net) of the Central Bank and commercial banks (including outward bills).

(c) Currency and demand deposits held by the public.

(d) Credit extended by the banking system to the government, net of government deposits with banks and government cash balances.

(e) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Net Credit to Government since October 2006.

(a) Data pertaining to the balance sheet of the Central Bank from January 2002 are based on International Accounting Standards (IAS). Accordingly foreign securities of the Central Bank have been valued at current market prices since January 2002. These data prior to January 2002 are according to local books at cost or face value whichever is less.

(Contd.)

(b) Includes securities acquired from government institutions.

(c) Credit provided under "Susahana" refinance credit scheme is included from 2005 December.

(d) Government and government guaranteed securities are at fair value basis.

Note : The number of reporting banks were 23 until January 2006, and 22 from October 2008.

(Contd.)

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(b) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Treasury bonds since October 2006.

(c) Includes Central Bank securities and DFCC Bonds.

(d) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivable etc.).

(e) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. With effect from 18 May 1998, Treasury bonds are considered as part of liquid assets of commercial banks. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets and domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(a) This monetary survey is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs data to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply :
 - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
 - (ii) All RNNFC balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(c) External assets (net) of the Central Bank and commercial banks (including outward bills).

(d) Currency and demand deposits of the public.

(e) Time and savings deposits of the public held with commercial banks.

(f) Credit extended by the banking system to the government, net of government deposits with banks and government cash deposits.

Source: Central Bank of Sri Lanka

(g) Restructuring bonds worth Rs.19,392.6 million which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets, has been included in Net Credit to Government since October 2006.

(a) This financial survey is based on the aggregated data pertaining to Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of commercial banks, Licensed Specialised Banks (LSBs) and Registered Finance Companies (RFCs) operating in Sri Lanka. Definitional changes have been adopted in aggregating data pertaining to DBUs, OBUs, LSBs and RFCs to avoid double counting and misclassification of assets and liabilities. The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
 - (i) One half (50 per cent) of Non-Resident Foreign Currency (NRFC) deposits are treated as domestic deposit liabilities;
 - (ii) All Non-National Foreign Currency (RNNFC) balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic liabilities.

(b) Currency, demand deposits and quasi money in DBUs in this table differ from those in table 52 due to the fact that LSBs and RFCs are not treated as 'public' under this broad monetary survey (M_4) definition.

(c) Time and savings deposits of the private sector with commercial banks, LSBs and RFCs.

Source: Central Bank of Sri Lanka

- (d) External assets of commercial banks include outward bills.
- (e) Credit extended by the Central Bank, DBUs, OBUs, LSBs and RFCs to the Government, net of Government deposits with banks and Government cash deposits.

Source: Central Bank of Sri Lanka

(a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.

(b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks for the week.

(c) Excludes interbank deposits.

(d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and vault cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and vault cash balances during the week ending Tuesday of the previous reserve week.

Source: Central Bank of Sri Lanka

- (a) All interest rates are as at the end of period, unless otherwise stated.
- (b) This is the rate at which the Central Bank grants advances to commercial banks for temporary liquidity purposes. With effect from 04 January 1991, the rate was increased to 17 per cent from 15.5 per cent. As at end 1999 this rate was 16 per cent. With effect from 02 October 2000 the rate was increased to 18 per cent and further increased to 25 per cent with effect from 21 November 2000. With effect from 02 July 2001, this rate was brought down to 23 per cent and further reduced to 18 per cent with effect from 27 December 2001. On 15 August 2003, the rate was reduced to 15 per cent.
- (c) Average Weighted Deposit Rate (AWDR) is calculated monthly by the Central Bank based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.
- (d) The Average Weighted Prime lending Rate is estimated weekly by the Central Bank based on commercial banks' lending rates offered to their prime customers during the week. These monthly figures are average values of estimated weekly rates.
- (e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Issue of Treasury bonds commenced in March 1997.

 Sources: Central Bank of Sri Lanka
 Primary Dealers in Government Securities

(b) The yields on Rupee Loans are administratively determined and not market determined unlike the yields on Treasury bills and Treasury bonds.

(c) The secondary market information is based on data provided by Primary Dealers in Government Securities and is available since October 2000.

(d) Yield rates are averages of bid and offer rates.

Note : Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates is not available.

(a) Rate on ten year certificates. The issue of this certificate is discontinued. The rate reflects the rate on earlier issues.

Sources : NSB
 State Mortgage and Investment Bank
 DFCC Bank
 SANASA Development Bank
 National Housing Development Authority
 NDB

(b) Issuing National Savings Certificates commenced in October 1997.

(c) DFCC Bank commenced deposit mobilisation in April 1996.

(d) Private savings and development banks include Sanasa Development Bank which was established in October 1997.
 From 2003 it only includes Sanasa Development Bank.

(e) The minimum rate represents the refinance rate charged under the Small and Medium Scale Industries (SMI) Scheme.
 NDB became a licensed commercial bank with effect from 01 August 2005.

- for insufficient funds
- technical objections

Rs. 2,500	Rs. 100
Rs. 1,000	Rs. 100
Rs. 2,000	Rs. 250
Rs. 500	Rs. 15
Rs. 2,000	Rs. 25

Loans

- Application processing fees
- Inspection charges

Rs. 100,000	Rs. 100
Rs. 5,000	Rs. 1,000

ATM and Credit Cards

- ATM cards – Issuing fee
- Credit cards – Issuing fee
- Renewal fee

Rs. 750	Rs. 100
Rs. 6,000	Rs. 200
Rs. 9,500	Rs. 180

Notes :

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for outward transmission from Sri Lanka would differ, on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.

(a) Includes loans and advances of Offshore Banking Units.

Source : Central Bank of Sri Lanka

(b) Classification of loans and advances was changed in June 2010.

(c) Please refer Table 69 B for past data, computed as per the previous classification. As these data were revised along with the reclassification as per the new format, data in Tables 69 A and 69 B are not comparable.

(d) Loans and advances include overdrafts, bills discounted and purchased, and exclude cash items in the process of collection.

(e) Provisional

(f) Excludes personal housing loans, which have been included under 'Construction' classified under 'Industry'.
