Part I
EVENTS OF THE MONTH
June 2011

Loans from the Asian Development Bank (ADB)

Two agreements were signed between the Government of Sri Lanka and ADB on 20 June 2011 to finance Sustainable Power Sector Support Project. The details of the loans are as follows;

1. A loan amounting to USD 110 million (approximately Rs. 12.05 billion)

The loan facility carries an interest rate of LIBOR plus a margin of 0.6 per cent per annum less a credit of 0.3 per cent, and a commitment fee of 0.15 per cent on unwithdrawn credit balance. The loan is repayable in 25 years including a grace period of 5 years.

2. A loan amounting to JPY 1.44 billion (approximately Rs. 1.10 billion)

The loan facility carries an interest rate of 1.0 per cent per annum during the grace period and 1.5 per cent per annum after the grace period. The loan is repayable in 32 years including a grace period of 8 years.

Loan from the International Development Association (IDA)

An agreement was signed between the Government of Sri Lanka and IDA, on 29 April 2011, for a loan amounting to SDR 63.6 million (approximately Rs. 11.32 billion) to finance the Second Additional Financing for Road Sector Assistance Project. The loan facility carries a service charge of 0.75 per cent on withdrawn credit balance and a commitment charge of 0.5 per cent on unwithdrawn credit balance. The loan is repayable in 20 years including a grace period of 10 years.

Loan from the Nordea Bank of Sweden

An agreement was signed between the Government of Sri Lanka and Nordea Bank of Sweden, on 17 June 2011, for a loan amounting to US dollars 54.16 million (approximately Rs. 5.93 billion) to finance the Extension to the Electrification Project 4. The loan facility carries an interest rate of LIBOR + 1.25 per cent per annum, a commitment fee of 0.25 per cent per annum and an arrangement fee of 0.25 per cent flat on the loan amount. The loan is disbursed in two tranches and both tranches are repayable in 9.5 years including a grace period of 6 months after the disbursed date.

Part II
PRESS RELEASES
June 2011

1. Monetary Policy Review – June 2011

The favourable developments that were witnessed last year continued into 2011, especially in the Industry and Services sectors of the economy. In the Agriculture sector, although the Maha harvest was affected by the floods, the expected improvement in paddy harvest in the 2011 Yala season would serve to help the continuation of stable paddy prices throughout the year. With the continuous supply of vegetables and other field crops after the floods, domestic food prices have started to decline, thereby easing pressure on inflation.

In the international market, prices of cereals and sugar declined marginally from its peak early this year, while prices of most other commodities remain largely unchanged. Prices of Brent crude oil have been around US dollars 112 per barrel, on average.

As expected, inflation, as measured by the year-on-year change in the Colombo Consumers' Price Index (CCPI) (2002=100) declined in May 2011 to 8.8 per cent from 9.8 per cent in the previous month. The annual average inflation showed a marginal increase of 0.3 per cent to 6.9 per cent in May, while the monthly change in the Index was 0.6 per cent.

Both exports and imports continued to expand while earnings from tourism, workers' remittances, and the inflows to the capital and financial account have resulted in the balance of payments recording a surplus in the first quarter of the year. The provisional estimates show that the gross official reserves (without ACU receipts) have increased to US dollars 7,055 million by 09 June 2011 from US dollars 6,610 million recorded at end December 2010. So far during the year, in the domestic foreign exchange market, the rupee has appreciated by 1.34 per cent against the US dollar, 0.88 per cent against the Indian rupee, and 0.14 per cent against the Japanese yen, while depreciating against the Euro by 6.06 per cent, and by 3.59 per cent against the pound sterling.

The fiscal consolidation process is expected to continue. Total revenue during the first four

months increased by 18.4 per cent compared to the corresponding period of 2010, while total expenditure and net lending increased only by 11.6 per cent during the same period.

Broad money (M_{2b}) recorded a year-on-year growth of 18.4 per cent in April, with net credit to the government (NCG) and credit disbursed to the private sector contributing to this increase. Credit obtained by the private sector increased further during April, recording a year-on-year growth of 31.4 per cent in April 2011, albeit on low base in 2010. However, the increase in the amount of credit disbursed decelerated to Rs. 26 billion, from around Rs. 33–35 billion per month since August 2010. Meanwhile, credit obtained by public corporations declined by about Rs. 27 billion during the first four months of the year. With recent monetary and fiscal policy measures, including the increase in the Statutory Reserve Requirement (SRR) and the increase in Excise duties, and the expected continuation of fiscal consolidation, broad money supply is expected to be consistent with macroeconomic developments.

Considering the above, the Monetary Board, at its meeting held on 13 June 2011, decided to maintain the policy interest rates of the Central Bank at their current levels. Accordingly, the Repurchase rate and the Reverse Repurchase rate of the Central Bank would remain at 7.00 per cent and 8.50 per cent, respectively.

The release of the next regular statement on monetary policy will be on 08 July 2011.

2. Issue of 3 year and 4 year Sri Lanka Development Bonds (SLDBs)

The Central Bank of Sri Lanka, on behalf of the Government of Sri Lanka, offered to issue Sri Lanka Development Bonds (SLDBs) of US dollars 100 million to eligible investors for subscription at a rate of US dollar 6 month LIBOR plus a margin to be determined through competitive bidding.

The offer was opened from 13 – 21 June 2011 for bidding with the settlement on 29 June 2011. Both foreign and local commercial banks bid at the auction with the total bids received amounting to US dollars 134.5 million. Of the bids received, the Government decided to accept US dollars 103.5 million in 3 year maturity and US dollars 23 million in 4 year maturity at the market determined rates of US dollar 6 month LIBOR + 365 bps (weighted average margin) and 6 month LIBOR + 375 bps (weighted average margin), respectively. Today, the US dollar 6 month LIBOR rate is 0.39 per cent.

The SLDB issue was executed in terms of Section 2 (a) and 2 (c) of the Foreign Loans Act, No. 29 of 1957 as amended, and the funds mobilized through the new SLDB issuance are to be used to settle maturing SLDBs of US dollars 125.8 million.

The SLDBs are transferable by endorsement, delivery and registration with the Superintendent of Public Debt of the Central Bank of Sri Lanka. Eligible investors may purchase SLDBs in the secondary market through Designated Agents appointed by the Central Bank of Sri Lanka.

3. Appointment of Lead Managers by the Central Bank of Sri Lanka

The Central Bank of Sri Lanka, on behalf of the Government of Sri Lanka, has appointed four institutions, namely Bank of America Merrill Lynch, Barclays Capital PLC, The Hongkong and Shanghai Banking Corporation Limited, and The Royal Bank of Scotland PLC as Joint Lead Managers to advise and handle a future international sovereign bond issue.

The appointments have been made after evaluating the proposals received from 7 leading international banks/ investment houses.

4. Central Bank designates Chinese “Renminbi” for Banking Transactions in Sri Lanka

The Monetary Board, at its meeting on 27th June 2011, decided to include the Chinese Renminbi in the list of designated currencies permitted for international transactions through banks in Sri Lanka in terms of the provisions of the Banking Act.

Accordingly, the public can now undertake all permitted transactions in foreign currency in Renminbi with banks authorized for such transactions. The other currencies in the designated list are Australian Dollar, Canadian Dollar, Danish Kroner, Euro, Hong Kong Dollar, Japanese Yen, New Zealand Dollar, Norwegian Kroner, Pound Sterling, Singapore Dollar, Swedish Kroner, Swiss Franc and United States Dollar.

China is recognized today as the world’s second largest economy, while also being a leading player in

international trade, investments, and foreign reserves. It also enjoys extensive economic connections with many countries, as a result of which the Renminbi has been gradually evolving as a globally acceptable currency.

Since Sri Lanka too has a growing volume of trade and investments transactions with China, the use of the Chinese currency, Renminbi, in banking transactions would significantly facilitate such trade and investments.

5. Inflation in May 2011

The Colombo Consumers' Price Index (CCPI) (2002=100), computed by the Department of Census and Statistics, increased moderately by 0.6 per cent, to 234.8 in May from 233.4 in April 2011. The year-on-year inflation moved down significantly to 8.8 per cent in May from a high of 9.8 per cent in April 2011, as anticipated.

However, inflation on an annual average basis increased to 6.9 per cent in May from 6.6 per cent in the previous month. Meanwhile, Core inflation on a year-on-year basis marginally increased to 4.8 per cent in May 2011 from 4.7 per cent in April 2011 while the annual average rate continued to decrease to 5.0 per cent in May from 5.1 per cent in the previous month.

The contribution to the monthly increase of 0.6 per cent in the Index came mainly from price increases in the sub groups of Food and non alcoholic beverages (0.4 per cent) and Housing, water, electricity, gas and other fuels (1.1 per cent). Within the Food sub category, prices of fish and seafood, condiments such as red onions and limes; and potatoes increased while prices of almost all varieties of vegetables, fruits, green chillies, big onions and eggs declined due to improvements in supply. Prices in the sub categories of Clothing and footwear (0.8 per cent); Furnishing, household equipment and routine household maintenance (0.9 per cent); Health (0.8 per cent); Transport (0.6 per cent) and

Miscellaneous goods and services (0.3 per cent) also increased. Meanwhile, the prices in the sub categories of Communication, Education and Recreation and culture remained unchanged during the month.

STATISTICAL APPENDIX

Definitions and Explanatory Notes

The following general notes supplement the footnotes given below the individual tables:—

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparison, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:—
 - n.a. = not available
 - = nil
 - ... = negligible

(b) Provisional

(c) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11KV, 33KV and 132KV.

(2) Figures include electricity consumption of hotels.

(d) Sales other than to Ceylon Electricity Board.

(e) Excluding Petroleum exports.

- (a) The index was based on household income and expenditure survey conducted in 2002.
The weights are based on the consumption pattern of the urban households within the Colombo district.
The total basket value (at 2002 prices) was Rs. 17,996.38
- (b) Annual and quarterly figures are averages of monthly figures.

May	3,336.9	103.7	2,402.1	74.7	1,851.8	57.6	2,936.3	91.3

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

Sources : Ministry of Finance and Planning
Central Bank of Sri Lanka

(b) Excludes foreign investments in Treasury bills.

(c) Excludes foreign investments in Treasury bonds.

(d) Net foreign investments in Treasury bills and Treasury bonds are included.

(e) Provisional

(a) Computed from weekly averages.

(b) Footnote (d) of Table 14 in the Annual Report 2009 gives the conversion formula used for the conversion of the volume of the three main types of coconut exports to their nut equivalent (from kgs).

(c) This refers to prices of the best quality copra.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

Source: Central Bank of Sri Lanka

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

Balance of Payments^(a) – US dollars million

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

(a) Special Drawing Rights (SDRs), the unit of account of the International Monetary Fund.

Source: Central Bank of Sri Lanka

(b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(a) Annualised Forward Premium (f^d) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{[F_t^{t+1} - S_t] / S_t\} * 100 * (12/t)$$

Where F_t^{t+1} is the forward rate for period $t+1$ that exists in period t and S_t is the interbank spot rate at period t .

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

Source: Central Bank of Sri Lanka

(b) External assets (net) of the Central Bank and commercial banks (including outward bills).

(c) Currency and demand deposits held by the public.

(d) Credit extended by the banking system to the government, net of government deposits with banks and government cash balances.

(e) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Net Credit to Government since October 2006.

(a) Data pertaining to the balance sheet of the Central Bank from January 2002 are based on International Accounting Standards (IAS). Accordingly foreign securities of the Central Bank have been valued at current market prices since January 2002. These data prior to January 2002 are according to local books at cost or face value whichever is less.

(Contd.)

(b) Includes securities acquired from government institutions.

(c) Credit provided under "Susahana" refinance credit scheme is included from 2005 December.

(d) Government and government guaranteed securities are at fair value basis.

Note : The number of reporting banks were 23 until January 2006, and 22 from October 2008.

- (a) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.
- (b) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Treasury bonds since October 2006.
- (c) Includes Central Bank securities and DFCC Bonds.

- (d) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivable etc.).
- (e) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. With effect from 18 May 1998, Treasury bonds are considered as part of liquid assets of commercial banks. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets and domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(a) This monetary survey is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs data to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply :
 - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
 - (ii) All RNNFC balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(c) External assets (net) of the Central Bank and commercial banks (including outward bills).

(d) Currency and demand deposits of the public.

(e) Time and savings deposits of the public held with commercial banks.

(f) Credit extended by the banking system to the government, net of government deposits with banks and government cash deposits.

Source: Central Bank of Sri Lanka

(g) Restructuring bonds worth Rs.19,392.6 million which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets, has been included in Net Credit to Government since October 2006.

(a) This financial survey is based on the aggregated data pertaining to Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of commercial banks, Licensed Specialised Banks (LSBs) and Registered Finance Companies (RFCs) operating in Sri Lanka. Definitional changes have been adopted in aggregating data pertaining to DBUs, OBUs, LSBs and RFCs to avoid double counting and misclassification of assets and liabilities. The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
 - (i) One half (50 per cent) of Non-Resident Foreign Currency (NRFC) deposits are treated as domestic deposit liabilities;
 - (ii) All Resident Non-National Foreign Currency (RNNFC) balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic liabilities.

(b) Currency, demand deposits and quasi money in DBUs in this table differ from those in table 52 due to the fact that LSBs and RFCs are not treated as 'public' under this broad monetary survey (M₄) definition.

(c) Time and savings deposits of the private sector with commercial banks, LSBs and RFCs.

(d) External assets of commercial banks include outward bills.

(e) Credit extended by the Central Bank, DBUs, OBUs, LSBs and RFCs to the Government, net of Government deposits with banks and Government cash deposits.

(a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.

(b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks for the week.

(c) Excludes interbank deposits.

(d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and vault cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and vault cash balances during the week ending Tuesday of the previous reserve week.

(e) SRR was increased from 7.00 per cent to 8.00 per cent with effect from 29 April 2011.

Source: Central Bank of Sri Lanka

(a) All interest rates are as at the end of period, unless otherwise stated.

(b) This is the rate at which the Central Bank grants advances to commercial banks for temporary liquidity purposes. With effect from 04 January 1991, the rate was increased to 17 per cent from 15.5 per cent. As at end 1999 this rate was 16 per cent. With effect from 02 October 2000 the rate was increased to 18 per cent and further increased to 25 per cent with effect from 21 November 2000. With effect from 02 July 2001, this rate was brought down to 23 per cent and further reduced to 18 per cent with effect from 27 December 2001. On 15 August 2003, the rate was reduced to 15 per cent.

(c) Average Weighted Deposit Rate (AWDR) is calculated monthly by the Central Bank based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.

(d) The Average Weighted Prime lending Rate is estimated weekly by the Central Bank based on commercial banks' lending rates offered to their prime customers during the week. These monthly figures are average values of estimated weekly rates.

(e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Issue of Treasury bonds commenced in March 1997.

(b) The yield rates on Rupee Securities are administratively determined and given rates includes tax.

(c) Secondary market information is based on data provided by Primary Dealers in Government Securities and is available since October 2000.

(d) Yield rates are averages of bid and offer rates.

Sources: Central Bank of Sri Lanka

Primary Dealers in Government Securities

Note : Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates is not available.

Credit cards – Issuing fee	Rs. 6,000	Rs. 200
Renewal fee	Rs. 9,500	Rs. 180

Notes :

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for outward transmission from Sri Lanka would differ, on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.

(a) Loans and advances include overdrafts and bills discounted and exclude cash items in the process of collection.

Source : Central Bank of Sri Lanka

Maturity Classification : Short-term – Less than one year
Medium-term – 1 to 5 years
Long-term – More than 5 years

(b) Loans and advances of Offshore Banking Units are also included since 2008.

(c) Includes loans and advances granted for Engineering and Building Trade, Mining and Fishing.

(d) Data prepared as per the above classification were revised following the reclassification. Therefore, data in Tables 69 A and 69 B are not comparable.
