- Annual license fee and security deposit payable applicable for manufacturing and selling liquor was changed.
- Excise duty on cigarette was increased.

### **Loans from the International Development Association (IDA) of the World Bank**

Three agreements were signed between the Government of Sri Lanka and IDA on 08 November 2010, which carries a service charge of 0.75% on withdrawn credit balance and a commitment charge of 0.5% on unwithdrawn credit balance. The loans are repayable in 20 years including a grace period of 10 years. The details of the loans are as follows;

1. A loan amounting to SDR 37.8 million (approximately Rs. 6.65 billion) was signed to finance the Small and Medium Enterprise Development Facility Project.
2. A loan amounting to SDR 33.0 million (approximately Rs. 5.80 billion) was signed to finance the North East Local Services Improvement Project.
3. A loan amounting to SDR 11.6 million (approximately Rs. 2.04 billion) was signed to finance the Sustainable Tourism Development Project.

### **Grant from the Government of Japan**

An agreement was signed between the Government of Sri Lanka and Government of Japan on 25 November 2010, for a grant of Japanese yen 1.217 billion (approximately Rs. 1.62 billion), to finance the Reconstruction of 5 Bridges in Eastern Province Project.

### **Grant from the United Nations High Commissioner for Refugees (UNHCR)**

An agreement was signed between the Government of Sri Lanka and UNHCR on 16 November 2010, for a grant of US dollars 2.148 million (approximately Rs. 239.89 million), to finance the Assistance to Resettlement of IDPs in Sri Lanka Project.

### **Grant from the Government of Peoples' Republic of China**

An agreement was signed between the Government of Sri Lanka and Government of Peoples' Republic of China, on 18 November 2010, for a grant of Chinese yuan 50 million (approximately Rs. 840.92 million) with a view to further developing friendly relations and economic and technical cooperation between the two countries.

### **A Loan from the Export-Import Bank of Korea**

An agreement was signed between the Government of Sri Lanka and the Exim Bank of Korea, on 02 November 2010, for a loan amounting to US dollars 40 million (approximately Rs. 4.47 billion) to finance the Hatton-Nuwara Eliya Road Improvement Project. The loan facility carries an interest rate of 0.1 per cent per annum. The loan is repayable in 40 years including a grace period of 10 years.

**Part II**  
**PRESS RELEASES**  
**November 2010**

**1. Monetary Policy Review – November 2010**

*Recent domestic macroeconomic trends have been encouraging. Economic activity expanded significantly in real terms in the first two quarters of the year. External trade has recovered, and earnings from exports have recorded an increase for the first three quarters of the year. The domestic foreign exchange market too has continued to remain stable. Meanwhile, international reserves of the country still continued to be at above targeted levels, which situation is likely to continue into the forthcoming period, notwithstanding the policy measures being introduced to deal with this situation.*

Improved credit conditions have increased demand for credit. Credit flows to the private sector have shown an upward trend this year, with the year-on-year increase in credit granted by commercial banks to the private sector reaching 15.5 per cent by September. However, broad money growth remains compatible with the targeted path, with year-on-year growth in broad money hovering around 13 to 14 per cent during the quarter ending September.

By October this year, inflation, as per the Colombo Consumers' Price Index (base=2002) was 6.6 per cent, year-on-year, while annual average inflation was 5.4 per cent. Supply-side constraints, both internationally and domestically, which drove up prices of wheat and wheat based products, coconuts, and a few other commodities,

contributed mainly to the increases in inflation in recent months. Nevertheless, inflation is expected to remain subdued at mid-single digits, on an annual average basis, by end year.

Taking into consideration these developments, the Monetary Board, at its meeting held on 15 November 2010, has decided to maintain the policy interest rates of the Central Bank unchanged at their current levels. Accordingly, the Repurchase rate and the Reverse Repurchase rate of the Central Bank would remain at 7.25 per cent and 9.00 per cent, respectively.

The release of the next regular statement on monetary policy will be on 14 December 2010.

**2. Further Relaxation of Foreign Exchange Regulations**

*In the light of the Budget - 2011 announced by His Excellency the President on 22nd November 2010, the Central Bank of Sri Lanka made arrangements to simplify foreign exchange controls in order to facilitate foreign exchange transactions.*

Accordingly, the Central Bank of Sri Lanka has relaxed foreign exchange regulations relating to investment by Sri Lankans abroad, foreign borrowings by resident companies and investments by non-residents in the domestic market. These policies were also announced in the "Road Map: Monetary and Financial Sector

Policies for 2010 and Beyond" in January 2010. Further, new foreign currency accounts have been introduced for a number of vital sectors including tourism and gem and jewellery industry. Implementation of these policies is expected in three stages; the first set of policies with effect from 22nd November 2010 and another policy

with effect from 01st January 2011. The other policy will be implemented in early 2011.

The set of policies that will be implemented with effective from 22nd November 2010 is given below.

#### **1. Permitting foreigners to invest in Rupee Denominated Debentures issued by local companies**

The corporate bond market provides an alternative channel to raise long-term funds to support investment activities in the private sector and allows to reduce the excessive reliance on the banking sector for funding needs. Considering these advantages and with a view to broadening the investor base and improving liquidity in the secondary market, it has now been decided to allow foreigners to invest in Rupee Denominated Debentures.

#### **2. Expedition of approvals for companies to borrow from foreign sources**

Sri Lanka needs to enhance investments to maintain its high growth momentum in the coming years and it is therefore, necessary to create alternative avenues to meet financing needs of the entities at a relatively low cost. Accordingly, the permission will be granted to borrow from foreign sources for companies that are engaged in a variety of businesses irrespective of the fact that such business varieties are foreign exchange earners.

This measure will ease pressure for funds in the local market and enhance the opportunities available to expand the economic activities in the country.

#### **3. Permission for foreign companies to open places of business in Sri Lanka**

Many foreign companies have shown a keen interest to establish places of business in Sri Lanka. At the same time, the Companies Act requires that the establishment of a place of business in Sri Lanka by overseas companies should be in accordance with the regulations made under the Exchange Control Act. However, at present, a clear and convenient mechanism is not in place for such companies to bring in the funds necessary for the establishment and maintenance of such business as well as for the regulation of the repatriation of surplus funds and other outward payments.

Accordingly, the necessary *Gazette* Notification outlining the procedure to be followed by overseas companies in establishing a place of business in Sri Lanka has now been issued while the necessary instructions to the Authorized Dealers covering the bank accounts to be opened for this purpose have

also been issued, so as to further facilitate foreign direct investment into the country.

#### **4. Permission to foreigners on tour or business in Sri Lanka to open accounts in foreign currency**

The Tourism sector is expected to expand significantly with the increase in tourist arrivals. It is also proposed to further facilitate business activities of non-resident non-nationals who are on business visits to Sri Lanka.

These foreign currency accounts would facilitate the aforesaid category of non-residents to execute their transactions smoothly and safely during their stay in Sri Lanka and help contribute to expand tourism and businesses activities in the country.

#### **5. Permission to open Foreign Currency Accounts for Gem and Jewellery Industry**

With a view to facilitating the policy objective of making Sri Lanka a center for manufacturing, trading and retailing of gem and jewellery, it has been decided to extend the foreign currency account facilities available to indirect and direct exporters of gem and/or jewellery to importers of gem and/or jewellery.

This foreign currency account would facilitate the gem and jewellery exporters to do their transactions smoothly by permitting them to retain their export earnings in designated foreign currencies and to utilize such funds for their expenditure on import of cut and polish or rough gem stones and other raw materials without exchange losses. Further, they will be allowed to withdraw funds in foreign currency form for purchasing rough gems and other raw materials abroad.

#### **6. Permission for certain banking transactions in foreign currency and Sri Lanka rupees to Foreign Diplomatic Missions, their staff and family members**

Sri Lanka has been having cordial bi-lateral and multilateral relationships with foreign nations and these relationships are expanding. At present, foreign diplomatic missions which include embassies, high commissions, consulates, permanent missions of the United Nations or EU delegations of the European Commission and their staffs are considered as Non-Residents for the purpose of Exchange Control and they require specific approvals to engage in banking transactions in foreign currency which causes considerable inconveniences for diplomatic community. These foreign currency accounts are expected to facilitate staff in diplomatic missions to engage in foreign currency transactions freely with banks.

## 7. Increasing the advance payment for imports from USD 10,000 to USD 50,000

With the expansion of trade transactions and increase in value of such transactions, it is now necessary to increase the permitted amount that can be paid as an advance payment to facilitate import related payments. Accordingly, advance payment limit has been increased from USD 10,000 to USD 50,000.

This relaxation would ensure smooth functioning of the external trade activities in the domestic market as well as entre port trade.

The policy that will be implemented from 1st January 2011 are as follows.

## 8. Permission to Sri Lankan resident individuals, corporate and unincorporated bodies to invest in equity of overseas companies

Countries with improved external reserves have gradually relaxed their exchange controls by permitting residents to operate in international capital markets to further strengthen the long-term external sector stability. It is also believed that the entry into capital markets will tend to improve governance practices and risk management capabilities of domestic entities as well. Since Sri Lanka's foreign reserve had increased to a healthy level and is expected to increase further, it has now been decided to permit residents to invest in equity of companies incorporated outside Sri Lanka and to establish places of business outside Sri Lanka. These measures will also help further integrate domestic investors with international capital market.

The policy expected to be implemented in 2011.

## 9. Permission to insurance companies to invest a part of their assets abroad

The Insurance Board of Sri Lanka has issued regulations under the Regulations of Insurance Industry Act permitting insurers to invest up to 20% of the long term fund and technical reserves abroad. To facilitate the process of investing such funds abroad, permission has now been granted under the Exchange Control Act. This would facilitate opportunities for insurers to diversify their investment portfolio and contribute towards improving the long term financial stability of their companies. Accordingly, insurance companies will be permitted to invest up to a maximum of 20% of the general funds and technical reserves over a period of three years. Under this permission, their investments will require to be routed through a special account opened in a commercial bank for the purpose.

With these regulatory changes, Sri Lankan investors will be permitted to open Outward Investment Account (OIA) and foreign investors will be permitted to open Inward Investment Account (IIA) to facilitate outward and inward foreign exchange transactions with regard to investment activities.

The Central Bank is of the view that the relaxation of the above foreign exchange controls would contribute to further improve investor confidence, strengthen foreign reserves in the long term, maintain a cordial relationship with bilateral and multilateral foreign institutions and stabilize the foreign exchange market, thereby paving the way to further integrate the Sri Lankan economy with the global economy.

## **STATISTICAL APPENDIX**

### **Definitions and Explanatory Notes**

The following general notes supplement the footnotes given below the individual tables:—

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparison, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:—
  - n.a. = not available
  - = nil
  - ... = negligible

(a) Revised

(b) Provisional

(c) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11KV, 33KV and 132KV.

(2) Figures include electricity consumption of hotels.

(d) Sales other than to Ceylon Electricity Board.

(e) Excluding Petroleum exports.

- (a) The index was based on household income and expenditure survey conducted in 2002.  
The weights are based on the consumption pattern of the urban households within the Colombo district.  
The total basket value (at 2002 prices) was Rs. 17,996.38
- (b) Annual and quarterly figures are averages of monthly figures.

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department  
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

(b) Special payments and receipts on account of Sri Lanka's contribution to and from the IMF and the IDA and special loans from these payments are excluded from both recurrent expenditure and Central Bank Advances.

(c) Provisional.

(d) Excludes foreign investments in Treasury bills.

(e) Excludes foreign investments in Treasury bonds.

(f) Net foreign investments in Treasury bills and Treasury bonds are included.

(a) Computed from weekly averages.

(b) Footnote (d) of Table 14 in the Annual Report 2009 gives the conversion formula used for the conversion of the volume of the three main types of coconut exports to their nut equivalent (from kgs).

(c) This refers to prices of the best quality copra.

(d) Provisional.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

(a) Special Drawing Rights (SRDs), the unit of account of the International Monetary Fund.

Source: Central Bank of Sri Lanka

(b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(d) REER computation is based on CCPI.

(e) The REER Indices for 2009 and 2010 are provisional.

(a) Annualised Forward Premium ( $f^d$ ) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{ [F_t^{t+1} - S_t] / S_t \} * 100 * (12/t)$$

Where  $F_t^{t+1}$  is the forward rate for period  $t+1$  that exists in period  $t$  and  $S_t$  is the interbank spot rate at period  $t$ .

(a) Includes assets/liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

Source: Central Bank of Sri Lanka

(b) External assets (net) of the Central Bank and commercial banks (including outward bills).

(c) Currency and demand deposits held by the public.

(d) Credit extended by the banking system to the government, net of government deposits with banks and government cash balances.

(e) Restructuring bonds worth Rs.19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Net Credit to Government since October 2006.

(a) The balance sheet data of the Central Bank from January 2002 is based on the International Accounting Standards (IAS). Accordingly, foreign securities of the Central Bank have been valued at current market prices since January 2002. These data prior to January 2002 are according to local books at cost or face value whichever is less.

(b) Includes securities acquired from government institutions.

(c) According to IAS, the amount of Sri Lanka's quota with the IMF has been taken into the Central Bank's balance sheet.

(d) According to IAS, balance sheet of the CBSL is prepared on accrual basis and receivables show interest receivables on foreign securities.

(e) From February 1975, loans and advances to other include amounts granted under the Medium and Long-term Credit Fund. Credit provided under "Susahana" Refinance Credit Scheme is included from December 2005.

(f) According to IAS, government and government guaranteed securities are at fair value basis since January 2002.

Note : The number of reporting banks were 23 until January 2006, and 22 from October 2008.

(Contd.)

- (a) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.
- (b) Restructuring bonds worth Rs. 19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Treasury bonds since October 2006.
- (c) Includes Central Bank securities and DFCC Bonds.

- (d) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivable etc.).
- (e) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. With effect from 18 May 1998, Treasury bonds are considered as part of liquid assets of commercial banks. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets and domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(a) This monetary survey is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs data to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply :
  - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
  - (ii) All RNNFC balances are treated as foreign liabilities;
  - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(c) External assets (net) of the Central Bank and commercial banks (including outward bills).

(d) Currency and demand deposits of the public.

(e) Time and savings deposits of the public held with commercial banks.

(f) Credit extended by the banking system to the government, net of government deposits with banks and government cash deposits.

Source: Central Bank of Sri Lanka

(g) Restructuring bonds worth Rs.19,392.6 million which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets, has been included in Net Credit to Government since October 2006.

Note :

DBUs - Domestic Banking Units

OBU - Offshore Banking Units

LSBs - Licensed Specialised Banks include Regional Development Banks, DFCC Bank, National Savings Bank, State Mortgage & Investment Bank, Ceylinco Savings Bank, SANASA Development Bank, HDFC Bank, SME Bank, NDB Housing Bank, Lankaputhra Development Bank and Sri Lanka Savings Bank. The SME Bank merged with Lankaputhra Development Bank in January 2008. Merchant Bank of Sri Lanka acquired a majority stake in Ceylinco Savings Bank Ltd. in July 2009. The name of which was subsequently changed to MBSL Savings Bank Ltd.

RDBs - Regional Development Banks

RFCs - Registered Finance Companies

(a) This financial survey is based on the aggregate data pertaining to Domestic Banking Units (DBUs), Offshore Banking Units (OBUs), Licensed Specialised Banks (LSBs) and Registered Finance Companies (RFCs) operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs, OBUs, LSBs and RFCs data to avoid double counting and misclassification of assets and liabilities. The major changes are:

- (1) All DBUs placements in OBUs are recorded as domestic assets, while all DBUs borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
  - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
  - (ii) All RNNFC balances are treated as foreign liabilities;
  - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) External assets (net) of the Central Bank, Commercial banks (including outward bills), LSBs and RFCs.

(c) Currency, demand deposits and quasi money in DBUs in this table differ from those in table 52 due to the fact that LSBs and RFCs are not treated as public under this broad monetary survey (M<sub>4</sub>) definition.

(d) Time and savings deposits of the private sector with commercial banks, LSBs and RFCs.

(e) Credit extended by the monetary authority, DBUs, OBUs, LSBs and RFCs to the Government, net of Government deposits with banks and Government cash deposits.

Source: Central Bank of Sri Lanka

(a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.

(b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks for the week.

(c) Excludes interbank deposits.

(d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and vault cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and vault cash balances during the week ending Tuesday of the previous reserve week.

Source: Central Bank of Sri Lanka

(a) All interest rates are as at the end of period, unless otherwise stated.

(b) This is the rate at which the Central Bank grants advances to commercial banks for temporary liquidity purposes. With effect from 04 January 1991, the rate was increased to 17 per cent from 15.5 per cent. As at end 1999 this rate was 16 per cent. With effect from 02 October 2000 the rate was increased to 18 per cent and further increased to 25 per cent with effect from 21 November 2000. With effect from 02 July 2001, this rate was brought down to 23 per cent and further reduced to 18 per cent with effect from 27 December 2001. On 15 August 2003, the rate was reduced to 15 per cent.

(c) Average Weighted Deposit Rate (AWDR) is calculated monthly by the Central Bank based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.

(d) The Average Weighted Prime lending Rate is estimated weekly by the Central Bank based on commercial banks' lending rates offered to their prime customers during the week. These monthly figures are average values of estimated weekly rates.

(e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Issue of Treasury bonds commenced in March 1997.

(b) The yields on Rupee Loans are administratively determined and not market determined unlike the yields on Treasury bills and Treasury bonds.

(c) The secondary market information is based on data provided by Primary Dealers in Government Securities and is available since October 2000.

(d) Yield rates are averages of bid and offer rates.

(e) Interest with tax for 4 year maturity.

(f) Interest with tax for 2 year maturity.

Note : Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates is not available.

(a) Rate on ten year certificates. The issue of this certificate is discontinued. The rate reflects the rate on earlier issues.

(b) Issuing National Savings Certificates commenced in October 1997.

(c) DFCC Bank commenced deposit mobilisation in April 1996.

(d) Private savings and development banks include Sanasa Development Bank which was established in October 1997. From 2003 it only includes Sanasa Development Bank.

(e) The minimum rate represents the refinance rate charged under the Small and Medium Scale Industries (SMI) Scheme. NDB became a licensed commercial bank with effect from 01 August 2005.

Credit cards – Issuing fee	Rs. 6,000	Rs. 200
Renewal fee	Rs. 9,500	Rs. 180

## Notes :

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for outward transmission from Sri Lanka would differ, on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.
