EVENTS OF THE MONTH
November 2013

Fiscal Sector

- Special Commodity Levy (SCL) on importation of the following food items was reduced for a period of four months.
 - * potatoes from Rs. 40 per kg to Rs. 10 per kg
 - * red onions from Rs. 15 per kg to Rs. 05 per kg
 - * b'oniions from Rs. 15 per kg to Rs. 10 per kg
- SCL on importation of the maldive fish, sprats, dried fish, peas - whole, chickpeas - whole, green gram (moong), fresh oranges, seeds of coriander, seeds of cumin, seeds of fennel, turmeric, black gram flour, ground nut - shelled, mustard seeds, crude oil of soya bean oil/palm oil/sunflower oil, palm kernel and canned fish was increased for a period of four months.
- SCL on the importation of the salt, margarine and dairy products such as yogurt, butter was introduced for a period of four months.
- Cess on importation of following items was increased: cheese, curd and similar products, cut flowers, foliage, vegetables (cabbages, lettuce, carrots, cucumbers, leguminous vegetables, tomatoes, and similar vegetables), mushrooms and truffles, manioc, sweet potatoes and similar yams, nuts and fruits including pineapples, avocados, guavas, mangoes, mangos teens, citrus fruit melons, papaws, pears, apricots, cherries, peaches and other similar fruits and nuts (except fresh mandarin), fruit juice, coffee, pepper, vanilla and cinnamon, artificial flowers, wheat or meslin flour, vegetable fats, sausages and similar products, sauces and preparations, sugar confectionary, chocolate and other preparations containing cocoa, pasta and similar products, cereals and similar products, soups and broths and similar preparations, ice cream and other edible ice, water including natural or artificial mineral water, paints and varnish, beer made from malt, un-denatured ethyl alcohol and similar beverages, vinegar, candles, josh sticks, portland cement in packing of 50 kg and below, gauze, soap and face wash, laminated sheets, steel products, aluminium structures, padlocks, hinges, furniture, brooms and brushes, rubber machines and rubber products.
- Cess on importation of poultry fat, mosquito coil, candles, laminated sheets, cloth (including endless bands), grill, netting and fencing of iron or steel wire, aluminium bars and tubes was imposed.

- Cess on importation of unbleached fabric was reduced.
- Cess on importation of aluminium wires, paper board and tung oil, designer pens, ties and bows was exempted.
- Cess on exportation of pepper, cinnamon, clove, nutmeg and cardamoms was imposed.
- A four band tariff structure of custom duty was further consolidated aligned with simplicity to facilitate production and trade as follows;

Classification	Previous Custom Duty Rate (%)	New Custom Duty Rate (%)
Essential inputs, not manufactured locally	0.0	0.0
Raw materials and semi raw materials	5.0	7.5
Intermediate goods	15.0	15.0
End user products	30.0	25.0

- Custom duty on importation of IT supportive printers, optical fiber cables and solar control films was exempted.
- Custom duty on importation of perfumes, ball point pens, markers, fountain pens, ties, bow ties, cravats, cocoa beans, frozen bait, petroleum jelly, paraffin wax, camphor, essential oils other than those of citrus fruit was reduced.
- Custom duty on importation of tea machinery, steel, flavours for confectionery industry, diesel hybrid vehicles and wheel barrows and parts was imposed.
- Custom duty on importation of gauze, tractors, cement, gold, motor vehicle imports, fishing vessels, yachts and other vessels was increased.
- Port and Airport Development Levy (PAL) on importation of aviation fuel was exempted.
- PAL was imposed at 5 per cent on importation of medicaments of ayurveda / herbal preparations.
- Excise duty on importation of petrol, diesel, lorries, trucks and trishaws was increased.

A Loan from the Hatton National Bank (HNB)

An agreement was signed between the Government of Sri Lanka and the HNB, on 06 November 2013, for a loan of USD 9.26 million (approximately Rs. 1.2 billion) to finance the Implementation of Badulla, Haliela and Ella Integrated Water Supply Project. The loan carries an interest fee of LIBOR (USD 6M) + 5.7 per cent per annum and a management fee of 0.25 per cent. The loan is repayable in 8 years including a grace period of 3 years.

A Loan from the Government of the People's Republic of China

An agreement was signed between the Government of Sri Lanka and the Government of the People's Republic of China, on 28 November 2013, for a loan of RMB Yuan 200 million (approximately Rs. 4.3 billion) to finance the implementation of projects to be agreed upon through consultations between the two governments. This loan is an interest free loan.

The loan is repayable in 20 years including a grace period of 10 years.

A Grant from Government of the People's Republic of China

An agreement was signed between the Government of Sri Lanka and the Government of the People's Republic of China, on 28 November 2013, to provide Small Agricultural Machinery worth RMB Yuan 10 million (approximately Rs. 215.3 million).

A Grant from the United Nations Development Programme (UNDP)

An agreement was signed between the Government of Sri Lanka and the UNDP, on 09 October 2013, for a grant of USD 0.2 million (approximately Rs. 26.2 million) to support for the National Biodiversity Planning to Support the Implementation of the Convention on Biological Diversity (CBD) 2011-2020 Strategic Plan in Sri Lanka.

Part II
PRESS RELEASES
November 2013

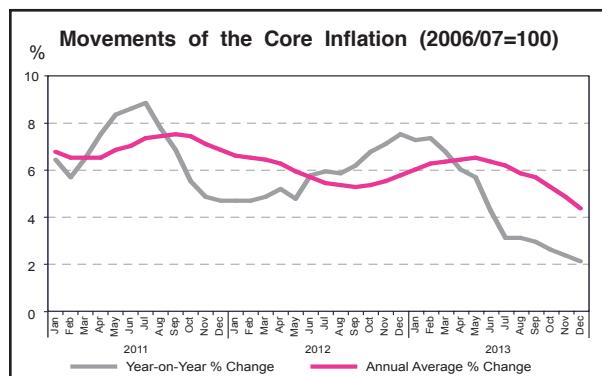

1. Core Inflation continues its decelerating trend

Core inflation, which captures underlying long-term trend of the inflation, has continued its declining trend in terms of both year-on-year (Y-o-Y) and annual average basis over the last few months. Core inflation is computed by excluding the items that have short term volatile prices from the basket of the Colombo Consumers' Price index (CCPI 2006/07=100).

Accordingly, the Y-o-Y core inflation which was over 7 per cent during the first two months of the year, decelerated to 2.6 per cent in October 2013, reaching the lowest rate ever recorded since its introduction in 2007. Meanwhile, the annual average core inflation also moved on a declining path continuously to reach 5.3 per cent in October 2013 for the fifth successive month as compared to 6.4 per cent in June 2013.

The contribution to the slowdown of the Y-o-Y core inflation came mainly from Non-Food category which grew only by 1.4 per cent in October 2013. Within the Non-Food category, the price increases were reported in the sub-categories of Education (by 0.9 per cent); Health (by 0.7 per cent); Housing, Water, Electricity, Gas and Other Fuels (by 0.7 per cent) and Transport (by 0.4 per cent). Meanwhile, the prices in the Communication sub category remained unchanged during the month.

The favourable movement observed in the core inflation is a reflection of the effectiveness of prudent

demand management policies of the Central Bank which have been successful in containing the underlying core inflation. With the favourable outlook for domestic demand and supply conditions and the absence of upward pressures from international commodity prices, core inflation is projected to remain subdued during the rest of the year as well.

2. Issue of a Commemorative Note to mark the Commonwealth Heads of Government Meeting – Sri Lanka

The Central Bank of Sri Lanka will issue a commemorative note in the denomination of Rupees 500 to mark the Commonwealth Heads of Government Meeting in Sri Lanka from 15th to 17th November 2013. This is the 3rd Commemorative note that is being issued, by the Central Bank.

The size, colour and the security features of the Commemorative note are same as in the current circulating Rs. 500 note in the same series with the following changes only.

On the front of the note: (i) CHOGM 2013 Sri Lanka logo in single purple colour appearing at the lower left corner of the note replacing the butterfly of the currently circulating Rs. 500 note; (ii) A security feature of an additional watermark by adding a design around the electrotype vertical numerals 500, to differentiate the CHOGM commemorative note from the currently circulating Rs. 500 note; (iii) Date on note: 2013.11.15. On the back of the note: the same images will remain as in the present Rs. 500 note. A quantity of 5 million notes will be issued and the serial numbers of the notes will be from T/51 000001 – T/55 1000000.

The note will be legal tender in Sri Lanka for the payment of any amount and will be a liability of the Central Bank of Sri Lanka whilst in circulation.

The first note will be issued to His Excellency, President Mahinda Rajapaksa, by the Governor of the Central Bank, Ajith Nivard Cabraal.

The commemorative notes will be issued through the licensed commercial banks, commencing 15.11.2013. At the same time, a limited number of notes with the early serial numbers, in an attractive folder will be sold at a price of Rs. 800 each at the Economic History Museum, at No. 54 Chatham Street, Colombo 1, and the Central Bank Provincial Offices at Anuradhapura, Jaffna, Matale, Matara, and Trincomalee.

For further details contact the Currency Department on 0112477014, 0112477364.

3. Monetary Policy Review – November 2013

As expected, the measures on monetary policy easing adopted by the Central Bank with the aim of further stimulating economic growth, have continued to yield the desired positive effects on key variables. While the recent monetary policy easing led to a reduction in short term interest rates almost immediately, it is envisaged that commercial banks too, would utilise the ample space available to ease medium to long term lending rates, resulting in further private sector investment growth, as well as a healthy level of credit growth to the private sector.

In September 2013, broad money growth increased to 16.3 per cent on a year-on-year (y-o-y) basis from 15.3 per cent in the previous month, largely due to a significant increase in net foreign assets (NFA). The growth in credit obtained by the private sector slowed down to 7.6 per cent in September 2013, as a result of settlement of loans from overseas banking units (OBUs) by BOI companies. However, credit disbursed to the private sector by domestic banking units (DBUs)

of commercial banks increased by around Rs. 20 billion during September 2013, indicating some early signs of a take-off in credit. In this context, an encouraging development was that net credit to the government and public corporations from the banking sector declined significantly by Rs. 50.2 billion and Rs. 25 billion, respectively, during September 2013, thereby reducing the public sector dependence on the banking sector.

Meanwhile, inflation continued to remain at single digit levels in October 2013 for the 57th consecutive month since February 2009, while recent inflation (y-o-y) figures indicated that inflation volatility has smoothed. However, headline inflation for October 2013 showed a marginal increase to 6.7 per cent (y-o-y), from 6.2 per cent (y-o-y), in the previous month, mainly on account of price increases in certain food items. In the meantime, core inflation continued to decline, and was at its lowest at 2.6 per cent (y-o-y), in October 2013. Going forward, the inflation outlook continues to remain benign, with subdued international commodity prices, reduced domestic supply side pressures, and well contained demand driven inflationary pressures. In this background, according to current projections, inflation is expected to remain at mid-single digit levels throughout 2014 as well.

In the external sector, exports continue to improve, heightening expectations of a sustained growth in export proceeds during the remainder of the year. Imports, meanwhile, are expected to record a marginal decline during the year, despite the modest pickup observed in recent months, thus resulting in a narrower trade deficit for 2013. The balance of payments (BOP) recorded a surplus of US dollars 749 million by 31st October 2013, broadly in line with the BOP surplus of US dollars 700 million that has been estimated for 2013. At the

same time, gross official reserves stood at US dollars 7.1 billion as at end October 2013, equivalent to 4.5 months of imports, while the domestic exchange rate *vis-à-vis* the US dollar also demonstrated a greater degree of resilience, compared to most other currencies in the region. Looking ahead, expected improvements to foreign inflows from exports of goods and services and workers' remittances are expected to contribute towards reducing the current account deficit further. Meanwhile, the recent positive developments in advanced economies raising the prospects of a global economic turnaround, may also result in increased inflows to the financial account, thereby strengthening the BOP and increasing the reserve position further, in the near term.

Taking the above factors into consideration, the Monetary Board at its meeting held on 8th November 2013, was of the view that the current monetary policy stance is appropriate, and accordingly, decided to maintain the Repurchase rate and the Reverse Repurchase rate of the Central Bank of Sri Lanka unchanged at 6.50 per cent and 8.50 per cent, respectively.

The date for the release of the next regular statement on monetary policy would be announced in due course.

4. External Sector Performance – September 2013

Overview

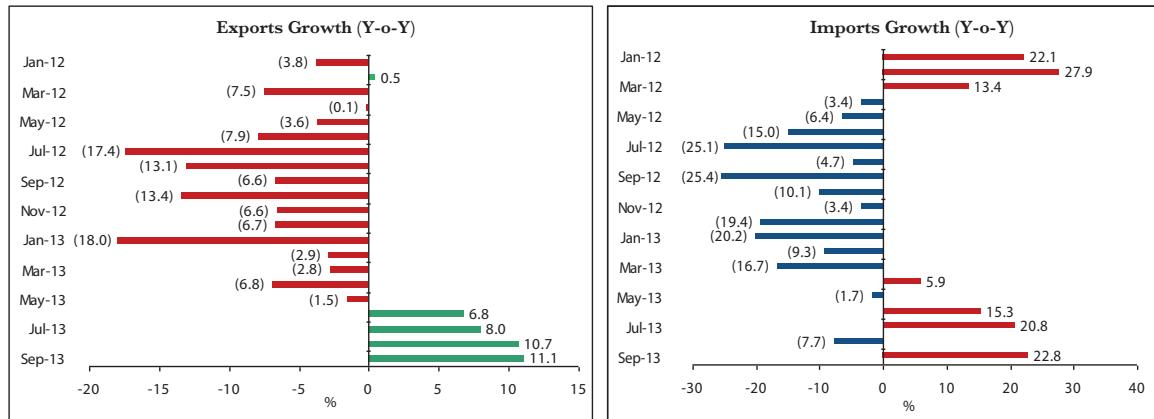

Sri Lanka's external sector maintained a satisfactory progress in September 2013. The trade deficit continued to narrow during the first nine months of 2013 as a result of a strong growth in exports. The current account deficit declined, primarily due to the shrinking of the deficit in the trade account, higher inflows to the services account and an increase in private transfers. Additionally, inflows to the financial account remained strong despite a volatile global financial market leading to a significant surplus in the BOP during the first three quarters of 2013, compared to the same period in 2012.

Trade Account of the BOP

Both earnings from exports and expenditure on imports have recorded significant year-on-year growth in September 2013. Earnings from exports grew by 11.1 per cent year-on-year to US dollars 890 million,

while expenditure on imports increased by 22.8 per cent to US dollars 1,614 million in September 2013. On a cumulative basis, during the first nine months of 2013, earnings from exports turned positive increasing by 0.3 per cent, while expenditure on imports continued to contract by 0.9 per cent from the corresponding period in 2012. Although, the trade deficit of the BOP increased significantly by 41.1 per cent year-on-year to US dollars 698 million in September 2013, the cumulative trade deficit during the first nine months of 2013 contracted by 2.1 per cent to US dollars 6,721 million, from US dollars 6,869 million during the corresponding period of 2012.

Earnings from exports continued to accelerate in September 2013 recording positive growth in all major sectors. This growth was mainly led by a significant increase in earnings from industrial exports. Earnings from industrial exports increased on a year-on-year

basis, by 12.4 per cent to US dollars 638 million in September 2013 mainly due to strong growth in textiles and garments exports, which increased significantly by 27.7 per cent to US dollars 387 million. Garment exports to both the EU and the USA, which are major export destinations, recorded a remarkable growth of 30.7 per cent and 32.2 per cent, respectively, in September 2013, reflecting the recovery in those economies. Meanwhile, earnings from rubber product exports increased by 28 per cent, year-on-year to US dollars 73 million, mainly due to the lower base. Earnings from the export of machinery and mechanical appliances, transport equipment, chemical products, leather products and base metals also contributed to the growth in industrial exports. However, export of gems, diamonds and jewellery which has recorded negative year-on-year growth throughout the year continued to contract by 23.4 per cent in September 2013 mainly due to low international prices. Earnings from agricultural exports rose by 6 per cent to US dollars 239 million in September 2013 mainly due to an increase in export earnings from spices followed by seafood. Earnings from the export of spices increased significantly to US dollars 41 million led by an increase in volumes as well as the price of pepper and cloves, while earnings from seafood exports increased by 42.1 per cent due to the lower base. However, earnings from tea exports which account for 15.8 per cent of total exports declined marginally by 0.6 per cent, year-on-year, due to the decline in export volumes, despite a 9.9 per cent increase in prices. Export earnings from rubber, which has declined continuously during the last 25 months continued to decline in September 2013 contracting by 38.9 per cent compared to September 2012 due to low international prices and low export volumes.

Expenditure on imports increased by 22.8 per cent to US dollars 1,614 million in September 2013, due to unusually low imports in September 2012. Increases were recorded in all three major import categories.

Expenditure on intermediate goods imports rose by 26.7 per cent, year-on-year, to US dollars 1,045 million in September 2013, due to the significant increase in expenditure on fuel. Import expenditure on fuel increased by 61.5 per cent, year-on-year, to US dollars 517 million in September 2013 mainly due to the non-importation of crude oil in September 2012. Expenditure on fertilizer imports also increased by 51 per cent, year-on-year, to ensure availability of adequate stocks for the upcoming Maha season. However, expenditure on diamonds and precious stones, wheat and maize, textiles and textile articles and agriculture inputs declined during the month. The importation of investment goods increased by 19.7 per cent to US dollars 335 million in September 2013 mainly due to a sharp increase in import of machinery and equipment and building materials. Meanwhile, expenditure on consumer goods imports increased by 13.1 per cent, year-on-year, in September 2013 led by an increase in non-food consumer goods. Expenditure on importation of vehicles, under consumer goods which began to decline from April 2012 in response to the policy measures taken in 2012, has reversed since June 2013. Vehicle imports increased by 99.6 per cent, year-on-year, in September 2013, making the highest contribution to the increase in consumer goods imports. Seafood, oil and fats, medical and pharmaceuticals and clothing and accessories were amongst the other consumer goods which contributed to the increase in consumer goods imports. However, import expenditure on dairy products, vegetables and beverages declined in September 2013.

Earnings from Tourism in the Services Account of the BOP

Earnings from tourism during the first nine months of 2013 recorded a year-on-year growth of 24.2 per cent, to US dollars 883.1 million, compared to the cumulative earning of US dollars 711.1 million during the corresponding period of 2012. Tourist arrivals grew

at a rate of 26.2 per cent, year-on-year to 89,761 in September 2013. Accordingly, tourist arrivals during the first nine months of the year totaled 801,210 recording a year-on-year growth of 15.5 per cent. India, UK, Germany, Middle East and Maldives were the top five sources of tourist arrivals in September 2013, accounting for to 49.6 per cent of the growth in tourist arrivals during the month.

Current Transfers in the BOP

Inward workers' remittances, which constitute a major share of current transfers, increased by 11.4 per cent to US dollars 4,922.3 million during the first nine months of 2013 from the corresponding period of 2012. Increased labour migration in the professional and skilled categories continued to drive the growth in remittances.

Capital and Financial Account of the BOP

Positive investor sentiment helped maintain the increase in foreign inflows into the capital market. The Colombo Stock Exchange (CSE) recorded a net inflow of US dollars 24.1 million in October 2013, compared to a net inflow of US dollars 10.6 million in September 2013. On a cumulative basis, the CSE received net foreign inflows of US dollars 180.4 million during the first ten months of 2013. Net inflows to the Government securities market during the first ten months of 2013 amounted to US dollars 486.7 million. The government has obtained long-term loans amounting to US dollars 1,301.6 million by end September 2013, compared to US dollars 2,450.1 million obtained by way of long-term loans during the first nine months of 2012. Further, inflows to commercial banks during the first nine months of the year amounted to US dollars 1,424.3 million. Furthermore, the DFCC bank raised US dollars 100 million abroad by issuing a long term bond in October 2013.

Overall BOP Position

The overall BOP is estimated to have recorded a surplus of US dollars 585 million during the first three quarters of 2013. This is a significant improvement compared to the surplus of US dollars 269 million recorded during the corresponding period of 2012, particularly amidst challenging global economic conditions.

International Reserve Position

At end September 2013, Sri Lanka's gross official reserves amounted to US dollars 7.0 billion, while total international reserves, which include foreign assets of commercial banks, amounted to US dollars 8.3 billion. In terms of months of imports, gross official reserves were equivalent to 4.4 months of imports at end September 2013, while total reserves were equivalent to 5.3 months of imports. It should be noted that an adequate level of reserves were maintained despite the outflows on account of foreign debt service payments of US dollars 1,094 million and IMF-SBA payments of US dollars 288.3 million.

Exchange Rate Behaviour

The Sri Lanka rupee strengthened against several major international currencies during the year so far, based on cross currency exchange rate movements. By 13 November 2013, the rupee had appreciated against the Japanese yen by 12.4 per cent, the Indian rupee by 13.1 per cent and the Australian dollar by 8.4 per cent. However, the rupee which depreciated against the US dollar since mid-June through end August gained value since then, appreciating by 1.4 per cent, supported mainly by increased inflows to the banking sector, including the NSB bond issue in September. Overall, during the year so far (by 13 November 2013), the rupee depreciated modestly by 3.0 per cent against the US dollar, by 4.6 per cent against the euro and by 1.4 per cent against the Pound sterling.

(b) For the first half of the respective year.

(c) Inflows to commercial banks in 2012 amounted to USD 973 million.

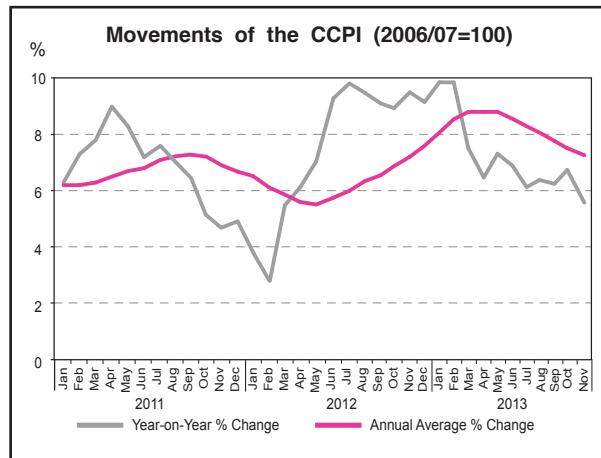

(d) Inflows to the Government include capital and current transfers to the government, inflows from the sale of Treasury Bills and Treasury Bonds and long-term loans of the Government.

5. Inflation declines significantly in November 2013

Inflation, as measured by the change in the Colombo Consumers' Price Index (CCPI) (2006/07=100), computed by the Department of Census and Statistics, declined significantly to 5.6 per cent in November 2013 from 6.7 per cent in October 2013 on a year-on-year (YoY) basis, reaching the lowest level recorded since April 2012. The sharp deceleration of inflation was a result of the moderation in prices of both food and non-food categories. Annual average inflation moderated to 7.3 per cent in November 2013 from 7.6 per cent in the previous month, declining for the sixth consecutive month.

Meanwhile, reflecting well contained demand pressures on prices, core inflation continued to decelerate to 2.4 per cent, year-on-year in November 2013, recording a new low since its introduction in 2007. The continued low level of core inflation is a result of prudent monetary management by the Central Bank, which supports favourable inflation expectations, thus enabling the economy to avoid the emergence of wage-price spirals. Annual average core inflation also continued to decline, and recorded 4.9 per cent in November 2013.

Compared to a month-to-month increase of 1.3 per cent in the CCPI in November 2012, the increase in CCPI was contained at 0.2 per cent in November 2013. Within the marginal monthly increase in the Index, prices in the Food and Non-Alcoholic Beverages sub-category increased by 0.3 per cent reflecting higher prices of some varieties of vegetables, potatoes, red onions, big onions, green chillies and milk powder during the month. Nevertheless, a decrease in the prices of all varieties of fresh fish, dried fish and fruits was reported. In the Non-Food category, price increases were reported in the sub-categories of Transport (0.5 per cent); Recreation and Culture (0.2 per cent); Furnishing, Household Equipment and Routine Household

Maintenance (by 0.1 per cent) and Miscellaneous Goods and Services (by 0.1 per cent). The increase in the price of Transport sub-category was entirely due to the upward revision in bus fares, with effect from November 2013. Meanwhile, the prices in the sub categories of Clothing and Footwear; Housing, Water, Electricity, Gas and Other Fuels; Health; Communication and Education remained unchanged during the month.

6. Colombo Consumers' Price Index (CCPI)

STATISTICAL APPENDIX

Definitions and Explanatory Notes

The following general notes supplement the footnotes given below the individual tables:-

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparision, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:-

n.a.	=	not available
-	=	nil
...	=	negligible

(a) Revised

(b) Provisional

(c) Based on the Industrial Production Survey and classified in accordance with the International Standard Industrial Classification (ISIC) Revision 4. (2010 = 100)

(d) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11 KV, 33 KV and 132 KV.

(2) Figures include electricity consumption of hotels.

(e) Sales other than to Ceylon Electricity Board.

(f) Excluding Petroleum exports.

- (a) The index was based on Household Income and Expenditure Survey conducted in 2006/07.
 The weights are based on the consumption pattern of the urban households within the Colombo district.
 The total basket value (at 2006/07 prices) was Rs. 27,972.11

- (b) Annual and quarterly figures are averages of monthly figures.

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

Sources : Ministry of Finance and Planning
Central Bank of Sri Lanka

(b) Excludes foreign investments in Treasury bills.

(c) Excludes foreign investments in Treasury bonds.

(d) Net foreign investments in Treasury bills and Treasury bonds are included.

(a) Trade Indices were revised with a wide coverage and 2010 as the base year and calculated in terms of rupees. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, the first volume index is computed as Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) Trade Indices were revised with a wide coverage and 2010 as the base year and calculated in terms of rupees. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, the first volume index is computed as Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) Trade Indices were revised with a wide coverage and 2010 as the base year and calculated in terms of rupees. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, the first volume index is computed as Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port and airport related services.
- (e) Passage collections by foreign shipping agents and airlines are included in 'passenger fares'.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.

- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an accrual basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) Includes US\$ 973 million of long-term borrowings by commercial banks in 2012.
- (j) The change in capital of the monetary sector is based on local records.
- (k) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings by the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings.

(b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(a) Annualised Forward Premium (f^d) is computed using the following formula.

$$f^d = \{[F_t^T - S_t] / S_t\} * 100 * (12/T)$$

Where F_t^T is the forward rate for period t that exists in period T ($T = 1, 3$) and S_t is the interbank spot rate at period t .

(b) Provisional.

(a) The number of reporting banks were 23 until January 2006, 22 from October 2008, 23 from August 2011 and 24 from December 2011.

(Contd.)

(b) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivables etc.)

(c) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets and domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(a) M_{2b} is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of Licensed Commercial Banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits with DBUs are classified on the basis of ownership rather than on the basis of currency. Hence the following apply:
 - (i) One half (50 per cent) of Non-Resident Foreign Currency (NRFC) deposits are treated as domestic deposit liabilities;
 - (ii) All Resident Non-National Foreign Currency (RNFC) balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) External assets (net) of the Central Bank and commercial banks (including outward bills)

(c) Currency and demand deposits of the public

(d) Time and savings deposits of the public held with commercial banks

(Contd.)

(a) M_4 is based on the aggregated data pertaining to Licensed Specialised Banks (LSBs) and Licensed Finance Companies (LFCs), in addition to the institutions covered in M_{2b} .

(b) Currency, demand deposits and quasi money of DBUs in this table differ from those in Table 56 due to the fact that LSBs and LFCs are not treated as 'Public' under the Financial Survey (M_4) definition.

(c) Time and savings deposits of the private sector with commercial banks, LSBs and LFCs.

(d) LSBs include Regional Development Banks/Pradeshiya Sanwardhana Bank (which was established on 14 July 2010 by amalgamating Regional Development Banks, DFCC Bank, National Savings Bank, State Mortgage and Investment Bank, MBSL Savings Bank Ltd., SANASA Development Bank Ltd., HDFC Bank of Sri Lanka, Sri Lanka Savings Bank Ltd. and Lankaputhra Development Bank Ltd.

(e) Credit extended by the Central Bank, LCBs, LSBs and LFCs to the Government, net of Government deposits and Government cash balances.

Source: Central Bank of Sri Lanka

(f) The sharp increase in credit to private sector by LFCs in some months could be attributed to already established Specialised Leasing Companies (SLCs) obtaining LFC licenses.

Source: Central Bank of Sri Lanka

- (a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.
- (b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank's deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks' for the week.
- (c) Excludes interbank deposits.
- (d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and till cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and till cash balances during the week ending Tuesday of the previous reserve week.

(a) Pursuant to Section 51 of the Monetary Law Act, the Central Bank's holdings of notes and coins are not considered as part of its currency issue.

(b) Currency notes in the denomination of Rs. 20 were issued from 4 August 1980, Rs. 1,000 from 23 December 1981, Rs. 500 from 9 February 1982, Rs. 200 from 4 February 1998, Rs. 2,000 from 17 October 2006 and Rs. 5,000 from 4 February 2011.

(c) Currency notes of Rs. 5, Rs. 2 and Re. 1 are also included. The value of these notes remained unchanged at Rs. 37.2 million, Rs. 26.7 million and Rs. 5.0 million, respectively as at end October 2013.

(d) This includes commemorative coins issued upto 31 October 2013. As at end October 2013, the values of Rs. 100 coins, Rs. 500 coins, Rs. 1,000 coins and Rs. 5,000 coins stand at Rs. 4.5 million, Rs. 21.9 million, Rs. 253.2 million and Rs. 40.2 million respectively. The total value of other commemorative coins, as at end October 2013, stands at Rs. 254.0 million.

Source: Central Bank of Sri Lanka

(a) All interest rates are as at the end of period, unless otherwise stated.

(b) The rate at which the Central Bank grants advances to banking institutions as the lender of last resort.

(c) Average Weighted Deposit Rate (AWDR) is calculated by Central Bank monthly, based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.

(d) The Average Weighted Prime Lending Rate (AWPR) is calculated by the Central Bank weekly, based on commercial bank's lending to their prime customers during the week. The monthly figures are average values of estimated weekly rates.

(e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Secondary market information is based on data provided by Primary Dealers in Government Securities.

Sources: Central Bank of Sri Lanka

Primary Dealers in Government Securities

(b) The yield rates on Rupee Securities are administratively determined. The given rates include taxes.

(c) Trading volumes reported are cumulative for the period.

(d) Yield rates are averages of bid and offer rates.

(e) Unlike Treasury bills, Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates does not exist.

Inspection charges	Rs. 750	Rs. 100

ATM and Credit Cards	Maximum	Minimum
ATM cards	Rs. 5,000	Rs. 200
– Issuing fee	Rs. 10,000	Rs. 180
Credit cards	Rs. 750	Rs. 100
– Issuing fee	Rs. 500	Rs. 100
– Renewal fee	Rs. 500	Rs. 100

Notes :

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for transmission outward from Sri Lanka would differ depending on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.
