Part I
EVENTS OF THE MONTH
October 2010

Fiscal Sector

- Excise duty on cigarette was increased.
- International Sovereign bond worth US dollars 1,000 million was issued.
- Customs duty, Value Added Tax (VAT), Social Responsibility Levy (SRL), Cess, Port and Airport development Levy (PAL) and Nation Building Tax (NBT) were removed on importation of chick for breeding and other chicks.
- Customs duty, VAT, SRL and Cess were removed on importation of eggs and egg yolks.
- VAT, SRL and Cess were removed on importation of meat of fowls and customs duty was reduced from 30 per cent to 15 per cent.
- SCL on importation of Bombay onion and potatoes was reduced to Rs. 10 per kg.
- Customs duty waiver on importation of certain categories of edible oil and their fractions increased from Rs. 25 per kg to Rs. 45 per kg or 15%. Hence, applicable duty rate is 15% or Rs. 10 per kg.

Loan from the OPEC Fund for International Development (OFID)

An agreement was signed between the Government of Sri Lanka and OFID on 4 October 2010, for a loan amounting to US dollars 16 million (approximately Rs. 1.79 billion), to finance the Kalu Ganga Development Project. The loan facility carries an interest rate of

3.2 per cent per annum and a service charge of 1 per cent per annum. The loan is repayable in 20 years, including a grace period of 5 years.

Loan from the OPEC Fund for International Development (OFID)

An agreement was signed between the Government of Sri Lanka and OFID on 4 October 2010, for a loan amounting to US dollars 8 million (approximately Rs. 895.41 million), to finance the National Highways Sector Project. The loan facility carries an interest rate of 2.75 per cent per annum and a service charge of 1 per cent per annum. The loan is repayable in 20 years, including a grace period of 5 years.

Grant from the Asian Development Bank (ADB)

An agreement was signed between the Government of Sri Lanka and ADB on 26 October 2010, for a grant of US dollars 2.5 million (approximately Rs. 279.24 million), to finance the Post Conflict Emergency Assistance for Livelihood Restoration of Resettled Internally Displaced People in the North Project.

Grant from the United Nations Development Programme (UNDP)

An agreement was signed between the Government of Sri Lanka and UNDP, on 4 October 2010, for a grant of US dollars 0.105 million (approximately Rs. 11.75 million).

Part II

PRESS RELEASES

October 2010

1. External Sector Performance – July 2010

Earnings from exports rose to US dollars 656 million reflecting a growth of 0.6 per cent in July 2010. Earnings from agricultural exports performed well, while earnings from industrial exports declined marginally. Expenditure on imports increased by 25.3 per cent to US dollars 1,177 million in July 2010 reflecting increases in all major categories of imports. The cumulative earnings from exports and expenditure on imports have increased by 11.4 per cent and 39.2 per cent, respectively, during the first seven months of 2010. The trade deficit expanded to US dollars 3,364 million during this period.

The increase in earnings from agricultural exports is attributed mainly to the healthy performances by the tea and minor agricultural export sectors. Year-on-year, tea exports volumes grew by 6.1 per cent to 28.8 million kilograms in July 2010 while the average export price of tea increased by 1.4 per cent to US dollars 4.19 per kg. Earnings from minor agricultural exports grew by 17.7 per cent mainly due to significant increases in the export volumes of sesame seeds, pepper, vegetables and cloves and the higher prices fetched by essential oils, cardamoms and cinnamon. Lower rubber production due to unfavorable weather conditions amidst higher international demand for natural rubber led export prices of rubber to increase by 84.4 per cent to US dollars 3.28 per kg. Although rubber export volumes declined

by 46.0 per cent in July 2010, exports of rubber based products have increased substantially, reflecting higher levels of domestic value addition. Other key categories of industrial exports, such as machinery and equipment and petroleum based products also performed well in July 2010. Nevertheless, earnings from industrial exports declined marginally to US dollars 483 million in July 2010, led by lower exports of textiles and garments, ceramic products and diamonds and jewellery.

Expenditure on imports of consumer goods increased significantly during the month of July 2010, led by higher imports of non-food consumer goods, of which nearly 45 per cent comprised of motor vehicles. Food imports also increased mainly due to the higher

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

prices of sugar imports. However, expenditure on rice imports declined in view of the lower prices in the international markets and the bountiful crop from the yala season. Expenditure on intermediate goods also increased, led by higher imports of fertilizer, mainly due to the substantially higher import volumes of fertilizer amidst lower prices. Expenditure on investment goods increased owing to the significant increases in expenditure on transport equipment, of which around 55 per cent comprised of an aircraft imported in July 2010.

During the first seven months of 2010, workers' remittances increased by 12.5 per cent over that of the

corresponding period of 2009 to US dollars 2,141 million. The gross official reserves, without Asian Clearing Union (ACU) funds increased to US dollars 5,467 million by end July 2010. Based on the previous 12 months average expenditure on imports of US dollars 1,021 million per month, the gross official reserves, without ACU funds were the equivalent of 5.4 months of imports.

The performance of external trade during the period is further illustrated in the following table.

External Trade Performance: July 2010 and January – July 2010

2. Sri Lanka achieves end September targets under IMF SBA programme

Sri Lanka has successfully achieved the key September 2010 programme targets, namely, Net International Reserves (NIR), Reserve Money (RM) and Net Domestic Financing (NDF) under the IMF-SBA.

This outcome indicates the successful progress Sri Lanka has made since the approval of the SBA facility in July 2009. So far, under the programme, Sri Lanka has received 5 tranches, totalling US dollars 1,275 million, out of the total facility of approximately US dollars 2,600 million.

An IMF staff mission is expected in November 2010 to conduct the next review under the SBA programme, and the sixth tranche is expected to be released on completion of same.

3. Monetary Policy Review – October 2010

Economic growth remains robust and broad based with all sectors contributing to the expansion of output. Credit flows continue to rebound with credit to the private sector from commercial banks growing on a year on year basis by 12.8 per cent in August 2010, further reinforcing the growth prospects. At the same time, year on year growth in broad money remains moderate at 13.9 per cent in August.

The successful issue of the 10-year international sovereign bond on 27 September at a comparatively lower coupon rate of 6.25 per cent and attracting an order book of more than 6 times the value of the bond reflects the improved investor confidence in the economy. Gross international reserves further increased with the receipt of the fifth tranche of the IMF-SBA facility and the proceeds of the international sovereign bond.

Inflation, as measured by the year on year change in the Colombo Consumers' Price Index (2002=100) increased in September to 5.8 per cent from 5 per cent in August. However, inflation is expected to remain subdued over the coming months.

Taking into consideration these current and expected developments in the economy, the Monetary Board, at its meeting held on 18 October 2010, has decided to maintain the policy interest rates of the Central Bank unchanged. Accordingly, the Repurchase rate and the Reverse Repurchase rate of the Central Bank would remain at 7.25 per cent and 9.00 per cent, respectively.

The release of the next regular statement on monetary policy will be on 16 November 2010.

4. Inflation increases in October 2010

Inflation, as measured by the Colombo Consumers' Price Index (CCPI) (2002=100), computed by the Department of Census and Statistics, increased to 6.6 per cent in October 2010, on a point-to-point basis as anticipated, from 5.8 per cent in September. Meanwhile, the annual average inflation increased to 5.4 per cent in October from 5.0 per cent in the previous month, as a result of the price developments in the preceding twelve month period.

The core inflation, which measures the price movement of non-food and non-energy items of the CCPI basket decreased marginally on a point-to-point basis, to 5.6 per cent in October 2010 from 5.7 per cent in the previous month. On an annual average basis core inflation stabilized at 6.3 per cent for the fifth consecutive month.

The contribution to the monthly increase of 1.2 per cent in the Index originated mainly from price increases in the sub category of Food and non-alcoholic beverages (2.2 per cent). Within the Food sub category price increases were registered for rice, wheat flour, bread, vegetables, coconut, coconut oil, big onions, red onions and meals bought from outside. Price increases of rice, coconut and vegetables were mainly

due to seasonal factors. Meanwhile, prices of fish and fresh fruit declined. Prices in the sub categories of Clothing and footwear (0.4 per cent); and Housing, water, electricity, gas and other fuels (0.1 per cent) also increased. Marginal increases were also observed in the

sub categories of Furnishing, household equipment and routine household maintenance; and Health. Prices in the sub categories of Recreation and culture; Transport; Communication; and Education remained unchanged during the month.

5. External Sector Performance – August 2010

Earnings from exports increased by 7 per cent to US dollars 760 million in August, recording the highest monthly value thus far in 2010. Cumulative earnings from exports during the first eight months of 2010 increased by 11 per cent to US dollars 5,040 million compared to the corresponding period of 2009. Expenditure on imports increased by 36 per cent to US dollars 1,143 million in August 2010 reflecting substantial increases in all major categories of imports.

Cumulative expenditure on imports during the first eight months of 2010 increased by 37 per cent to US dollars 8,670 million compared to the corresponding period of 2009. As a result, the trade deficit expanded to US dollars 3,630 million during this period from US dollars 1,782 million in the corresponding period of 2009.

The largest contribution to the growth in exports in August was from the industrial sector, led by a significant increase in exports of machinery and equipment. This comprised mainly of transport equipment such as boats and bicycles and electrical equipment such as electrical transformers, static converters, inductors and insulated cables. Earnings from exports of rubber products and petroleum products have also performed well. However, earnings from exports of food and beverages, textiles and garments, diamond and jewellery and other industrial products declined on a year-on-year basis. At US dollars 309 million, earnings from the textiles and

garments sector recorded the highest earnings thus far, during the year. Earnings from food, beverages and tobacco exports have declined by 17 per cent mainly due to the lower exports of fish. Earnings from agricultural exports, which accounted for 23 per cent of total exports, increased in August 2010 led by higher earnings from exports of rubber and minor agricultural products, which continued to fetch premium prices in the international market. Rubber prices rose by 81 per cent to US dollars 3.27 per kg compared to the same period of 2009. Earnings from minor agricultural exports increased by 21 per cent mainly due to the higher prices fetched by cardamoms and cocoa products. There were also significant increases in the export volumes of tobacco, cardamoms, sesame seeds and cashew nuts. The average price of tea, however, declined marginally to US dollars 4.29 per kg in August 2010. Earnings from coconut exports also declined, in terms of value as well as volumes, compared to August 2009.

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

Sources : Central Bank of Sri Lanka
Sri Lanka Customs

Expenditure on imports increased due to higher demand across all three major categories of imports in August 2010. Textile and clothing imports, which are used as an input for apparel exports, increased by 27 per cent to US dollars 152 million in August 2010, reflecting the potential growth in apparel exports in the coming months. The average import price of crude oil increased by 9 per cent to US dollars 73.53 per barrel in August 2010, from US dollars 67.52 per barrel in August 2009. Expenditure on imports of fertilizer also increased in August 2010, compared to the same period in the previous year, mainly due to the substantially higher import volumes. Expenditure on imports of consumer goods rose in August 2010, with significant increases in the non-food category, led by motor vehicles (US dollars 60 million) and electrical equipment (US dollars 8 million). Expenditure on investment goods increased by 65 per cent to US dollars 264 million in August 2010, reflecting higher growth in all sub categories.

During the first eight months of 2010, workers' remittances increased by 12.9 per cent to US dollars 2,479 million over that of the corresponding period of 2009. Including the proceeds of the Sovereign Bond issued in September 2010, the gross official reserves, (without Asian Clearing Union (ACU) funds) increased to US dollars 6.8 billion by 25 October 2010. Based on the previous 12 months average expenditure on imports of US dollars 1,070 million per month, the gross official reserves, without ACU funds, were equivalent to 6.4 months of imports. Considering the Central Bank's aim of maintaining a foreign exchange reserve level equivalent to around 5 months of imports, the quantum of the current reserve is substantially over the planned level.

The performance of external trade during the period is further illustrated in the following table.

External Trade Performance: August 2010 and January – August 2010

STATISTICAL APPENDIX

Definitions and Explanatory Notes

The following general notes supplement the footnotes given below the individual tables:—

1. The data cover monthly figures available at the time the Bulletin goes to print, and the latest available information does not relate to the same month, in every table.

To enable comparison, annual figures for recent years are given.

2. In an attempt to bring the material up-to-date provisional figures are included in some tables.
3. Figures in some tables have been rounded off to the nearest final digit. Hence there may be a slight discrepancy between the total as shown and the sum of its components.
4. Differences as compared with previously published figures are due to subsequent revisions.
5. The following symbols have been used throughout:—
 - n.a. = not available
 - = nil
 - ... = negligible

(a) Revised

(b) Provisional

(c) (1) Includes manufacturing and export processing industries. Small industry is defined as those units having supply of electricity at 400/230 volts and contract demand is less than 50 KVA, medium industry as supply of electricity at 400/230 volts and contract demand is equal or more than 50 KVA and large industry as supply of electricity at 11KV, 33KV and 132KV.

(2) Figures include electricity consumption of hotels.

(d) Sales other than to Ceylon Electricity Board.

(e) Excluding Petroleum exports.

- (a) The index was based on household income and expenditure survey conducted in 2002.
The weights are based on the consumption pattern of the urban households within the Colombo district.
The total basket value (at 2002 prices) was Rs. 17,996.38
- (b) Annual and quarterly figures are averages of monthly figures.

Note: The Index numbers are calculated by the Labour Department on fixed weights based on the numbers employed as at 31 December 1978. The wage rate used in the calculation of Index numbers are minimum wages for different trades fixed by the Wages Boards.

Sources : Labour Department
Central Bank of Sri Lanka

- (a) The Index refers to wage rates of tea growing and manufacturing, rubber growing and manufacturing, coconut, cocoa, cardamoms and pepper growing trades only.
- (b) Includes baking, brick and tile manufacturing, coconut manufacturing, printing textile, tyre and tube manufacturing, coir mattresses & bristle fibre export, hosiery manufacturing, engineering, garment manufacturing, match manufacturing, biscuit manufacturing, tea export and rubber export trades only.
- (c) This includes cinema, motor transport and nursing homes trade only.
- (d) Combined Index for workers in Agriculture, Industry & Commerce and Services.
- (e) Provisional.

(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

Source: Central Bank of Sri Lanka

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(d) Provisional.

(a) Consists of government expenditure excluding contributions to sinking funds, direct payment of public debt and subscriptions to international financial organisations. Also excludes book adjustments arising from losses on Advance Account operations incurred and financed in the previous financial year. Hence, the figures may not tally with the figures published in the accounts of the Government of Sri Lanka.

(b) Special payments and receipts on account of Sri Lanka's contribution to and from the IMF and the IDA and special loans from these payments are excluded from both recurrent expenditure and Central Bank Advances.

(c) Provisional.

(d) Excludes foreign investments in Treasury bills.

(e) Excludes foreign investments in Treasury bonds.

(f) Net foreign investments in Treasury bills and Treasury bonds are included.

(a) Computed from weekly averages.

(b) Footnote (d) of Table 14 in the Annual Report 2009 gives the conversion formula used for the conversion of the volume of the three main types of coconut exports to their nut equivalent (from kgs).

(c) This refers to prices of the best quality copra.

(d) Provisional.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

(a) A series with a wide coverage and 1997 as the base year. In order to accommodate the variability arising from a monthly frequency, in computing the monthly trade indices, first the volume index is computed as a Laspeyres index and then the unit value index is derived as the ratio between the value index and the volume index. This methodology avoids the subjective imputation of prices that would be required in deriving a price index first when certain items are not exported or imported in a particular month.

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

Balance of Payments^(a) – US dollars million

- (a) The above presentation conforms as far as possible to international practice as followed by the International Monetary Fund (IMF), in the Balance of Payments Manual, 5th edition (1993). In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
- (b) Provisional
- (c) Exports are recorded on f.o.b. valuation; imports on c.i.f. valuation.
- (d) Includes port related services.
- (e) Passage collections by foreign shipping agents and airlines are included in passenger fares.
- (f) Indicates outright grants received in the form of programme, food and commodity aid, cash and technical assistance.
- (g) Indicates outright grants received in the form of project aid.
- (h) Credit entries refer mainly to an increase in liabilities resulting from imports under trade credits. The debit entries in respect of such imports are in the merchandise account and are recorded on an arrivals basis. Debit entries refer to a decline in such liabilities and are recorded at the time of settlement of payment for such imports.
- (i) The change in capital of the monetary sector is based on local records.
- (j) The figures shown in the credit column relate to the increase in liabilities to the IMF arising from drawings from the IMF and the receipts under the Stand-by Arrangement facility in 2009. US dollar and Sri Lanka Rupee values reflect changes in the representative rate of the Special Drawing Rights (SDRs). Figures in the debit column are in respect of repurchases or repayments, made in installments to the IMF, in respect of earlier drawings. Subscriptions to the IMF, consequent to successive increases in Sri Lanka's quota, are also shown in the debit column.
- (k) General and special allocations of SDRs by the IMF.

(a) Special Drawing Rights (SRDs), the unit of account of the International Monetary Fund.

Source: Central Bank of Sri Lanka

(b) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(c) The REER is computed by adjusting the NEER for inflation differentials with the countries whose currencies are included in the basket.

(d) REER computation is based on CCPI.

(e) The REER Indices for 2009 and 2010 are provisional.

(a) Annualised Forward Premium (f^d) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{[F_t^{t+1} - S_t] / S_t\} * 100 * (12/t)$$

Where F_t^{t+1} is the forward rate for period $t+1$ that exists in period t and S_t is the interbank spot rate at period t .

(a) Total amount of currency, including subsidiary notes and coins issued by the Central Bank.

(b) Currency held by the Treasury and the Kachcherries.

(c) Total demand deposits held by the Central Bank and the commercial banks.

(d) Government demand deposits with the commercial banks and the Central Bank.

(e) Inter bank deposits both local and foreign, including deposits of international organisations and commercial banks with the Central Bank.

(f) M₂ is defined as M₁ plus time and savings deposits of the public held with commercial banks.

(a) The balance sheet data of the Central Bank from January 2002 is based on the International Accounting Standards (IAS). Accordingly, foreign securities of the Central Bank have been valued at current market prices since January 2002. These data prior to January 2002 are according to local books at cost or face value whichever is less.

(b) Includes securities acquired from government institutions.

(c) According to IAS, the amount of Sri Lanka's quota with the IMF has been taken into the Central Bank's balance sheet.

(d) According to IAS, balance sheet of the CBSL is prepared on accrual basis and receivables show interest receivables on foreign securities.

(e) From February 1975, loans and advances to other include amounts granted under the Medium and Long-term Credit Fund. Credit provided under "Susahana" Refinance Credit Scheme is included from December 2005.

(f) According to IAS, government and government guaranteed securities are at fair value basis since January 2002.

Note : The number of reporting banks were 23 until January 2006, and 22 from October 2008.

- (a) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.
- (b) Restructuring bonds worth Rs. 19,392.6 million, which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets has been included in Treasury bonds since October 2006.
- (c) Includes Central Bank securities and DFCC Bonds.

- (d) Fixed and other assets consists of banks' property, furniture, fittings and sundries (commission, interest receivable etc.).
- (e) Liquid assets consist of Cash on hand, Balances due from Central Bank, Foreign currency on hand and Balances due from banks abroad, Government of Sri Lanka Treasury bills and bills discounted. With effect from 18 May 1998, Treasury bonds are considered as part of liquid assets of commercial banks. Balances due from domestic banks and cash items in process of collection have been excluded from liquid assets and domestic inter-bank deposits have been excluded from demand deposits, because from the view point of the commercial banking system as a whole such claims and deposits cancel out.

(a) This monetary survey is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs data to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

(1) All DBU placements in OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.

(2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply :

(i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;

(ii) All RNNFC balances are treated as foreign liabilities;

(iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) Includes assets / liabilities of National Development Bank which merged with NDB Bank Ltd., with effect from August 2005.

(c) External assets (net) of the Central Bank and commercial banks (including outward bills).

(d) Currency and demand deposits of the public.

(e) Time and savings deposits of the public held with commercial banks.

(f) Credit extended by the banking system to the government, net of government deposits with banks and government cash deposits.

Source: Central Bank of Sri Lanka

(g) Restructuring bonds worth Rs.19,392.6 million which were issued by the government to the two state banks, have been converted to Treasury bonds upon their maturity in October 2006. This amount, which previously appeared under Other Assets, has been included in Net Credit to Government since October 2006.

Note :

DBUs - Domestic Banking Units

OBU - Offshore Banking Units

LSBs - Licensed Specialised Banks include Regional Development Banks, DFCC Bank, National Savings Bank, State Mortgage & Investment Bank, Ceylinco Savings Bank, SANASA Development Bank, HDFC Bank, SME Bank, NDB Housing Bank, Lankaputhra Development Bank and Sri Lanka Savings Bank. The SME Bank merged with Lankaputhra Development Bank in January 2008. Merchant Bank of Sri Lanka acquired a majority stake in Ceylinco Savings Bank Ltd. in July 2009. The name of which was subsequently changed to MBSL Savings Bank Ltd.

RDBs - Regional Development Banks

RFCs - Registered Finance Companies

Source: Central Bank of Sri Lanka

(a) This financial survey is based on the aggregate data pertaining to Domestic Banking Units (DBUs), Offshore Banking Units (OBUs), Licensed Specialised Banks (LSBs) and Registered Finance Companies (RFCs) operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs, OBUs, LSBs and RFCs data to avoid double counting and misclassification of assets and liabilities. The major changes are:

- (1) All DBUs placements in OBUs are recorded as domestic assets, while all DBUs borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits of DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
 - (i) One half (50 per cent) of NRFC deposits are treated as domestic deposit liabilities;
 - (ii) All RNNFC balances are treated as foreign liabilities;
 - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) External assets (net) of the Central Bank, Commercial banks (including outward bills), LSBs and RFCs.

(c) Currency, demand deposits and quasi money in DBUs in this table differ from those in table 52 due to the fact that LSBs and RFCs are not treated as public under this broad monetary survey (M₄) definition.

(d) Time and savings deposits of the private sector with commercial banks, LSBs and RFCs.

(e) Credit extended by the monetary authority, DBUs, OBUs, LSBs and RFCs to the Government, net of Government deposits with banks and Government cash deposits.

Source: Central Bank of Sri Lanka

(a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computational methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.

(b) Reserve data are for the last reserve week of each month. The required reserves recorded in the table refer to the cumulative reserves for the week, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular reserve week. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve week and cumulative deposits of the commercial banks for the week.

(c) Excludes interbank deposits.

(d) With effect from 03 April 2003, the basis of computing the Statutory Reserve Requirement (SRR) was changed from deposit liabilities and vault cash balances at the close of business on Wednesday of the previous reserve week, to the average of deposit liabilities and vault cash balances during the week ending Tuesday of the previous reserve week.

(a) All interest rates are as at the end of period, unless otherwise stated.

(b) This is the rate at which the Central Bank grants advances to commercial banks for temporary liquidity purposes. With effect from 04 January 1991, the rate was increased to 17 per cent from 15.5 per cent. As at end 1999 this rate was 16 per cent. With effect from 02 October 2000 the rate was increased to 18 per cent and further increased to 25 per cent with effect from 21 November 2000. With effect from 02 July 2001, this rate was brought down to 23 per cent and further reduced to 18 per cent with effect from 27 December 2001. On 15 August 2003, the rate was reduced to 15 per cent.

(c) Average Weighted Deposit Rate (AWDR) is calculated monthly by the Central Bank based on the weighted average of all outstanding interest bearing deposits of commercial banks and the corresponding interest rates.

(d) The Average Weighted Prime lending Rate is estimated weekly by the Central Bank based on commercial banks' lending rates offered to their prime customers during the week. These monthly figures are average values of estimated weekly rates.

(e) The Sri Lanka Inter-Bank Offered Rate (SLIBOR) is computed daily by the Central Bank, based on rates offered by commercial banks in the inter-bank market. The rate shown is the average of such offered rates by selected commercial banks.

(a) Issue of Treasury bonds commenced in March 1997.

(b) The yields on Rupee Loans are administratively determined and not market determined unlike the yields on Treasury bills and Treasury bonds.

(c) The secondary market information is based on data provided by Primary Dealers in Government Securities and is available since October 2000.

(d) Yield rates are averages of bid and offer rates.

(e) Interest with tax for 4 year maturity.

(f) Interest with tax for 2 year maturity.

Note : Treasury bonds are not issued on a regular basis. Hence a continuous series of primary market yield rates is not available.

(a) Rate on ten year certificates. The issue of this certificate is discontinued. The rate reflects the rate on earlier issues.

(b) Issuing National Savings Certificates commenced in October 1997.

(c) DFCC Bank commenced deposit mobilisation in April 1996.

(d) Private savings and development banks include Sanasa Development Bank which was established in October 1997. From 2003 it only includes Sanasa Development Bank.

(e) The minimum rate represents the refinancing rate charged under the Small and Medium Scale Industries (SMI) Scheme. NDB became a licensed commercial bank with effect from 01 August 2005.

Credit cards – Issuing fee	Rs. 6,000	Rs. 200
Renewal fee	Rs. 9,500	Rs. 180

Notes :

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charges fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for outward transmission from Sri Lanka would differ, on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.
