(a) Daily wages represent payments in cash where meals are not provided by the employer. Annual and quarterly figures are averages of monthly figures.

(b) Wages in the construction sector are paid on both daily payment and contractual basis. The series on contractual basis in previous bulletin publications has been replaced by the series on daily payment basis from the monthly bulletin of December 2005 onwards for comparison with wages in other sectors.

(c) Daily wages up to December 2004 are the average of daily wages for the two activities. From January 2005 onwards the daily wages cover both activities under a single category following the restructuring of data collection schedules.

(a) Annualised Forward Premium ( $f^d$ ) is computed using the following formula.

Source: Central Bank of Sri Lanka

$$f^d = \{[F_t^T - S_t]/S_t\} * 100 * (12/T)$$

Where  $F_t^T$  is the forward rate for period  $t$  that exists in period  $t$  ( $T = 1, 3$ ) and  $S_t$  is the interbank spot rate at period  $t$ .

(a)  $M_{2b}$  is based on the aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of Licensed Commercial Banks operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs to avoid double counting and misclassification of assets and liabilities.

(Contd.)

The major changes are:

- (1) All DBU placements with OBUs are recorded as domestic assets, while all DBU borrowings from OBUs are recorded as domestic liabilities.
- (2) Foreign currency deposits with DBUs are classified on the basis of ownership rather than on the basis of currency. Hence, the following apply:
  - (i) One half (50 per cent) of Non-Resident Foreign Currency (NRFC) deposits are treated as domestic deposit liabilities;
  - (ii) All Resident Non-National Foreign Currency (RNNFC) balances are treated as foreign liabilities;
  - (iii) All other domestic foreign currency accounts are treated as domestic deposit liabilities.

(b) External assets (net) of the Central Bank and commercial banks (including outward bills)

(c) Currency and demand deposits held by the public

(d) Time and savings deposits of the public held with commercial banks

(a) Under Sections 10c, 93, 94, 96 and 97 of the amended Monetary Law Act (Chapter 422), commercial banks and other financial institutions are required to maintain reserves against their deposit liabilities as prescribed by the Monetary Board. Currently, only commercial banks are subject to reserve requirements. With effect from 24 January 1992, an amount of till cash over and above two per centum of the total deposit liabilities, but not exceeding four per centum, could be maintained as a part of required reserves in the form of Sri Lanka currency notes and coins. Details of required reserve ratios, which were applicable in the past and computation methods have been published in the Appendix table on the 'Reserve Position of Commercial Banks' in the Annual Reports prior to 2003.

(b) With effect from June 2013, the basis for computing the Statutory Reserve Requirement (SRR) was changed and 7 day reserve calculation and maintenance periods were increased to two periods per month, first from 1st to 15th and the second from 16th to end of each month. Up to May 2013 Reserve data were for the last reserve week of each month and from June 2013 onwards, Reserve data are for the 2nd reserve period of each month. The required reserves recorded in the table refer to the cumulative reserves for the reserve period, while commercial bank deposits with the Central Bank are the cumulative deposits for that particular period. Excess/Deficit on SRR is the difference between the cumulative SRR for the reserve period and cumulative deposits of the commercial banks for the period.

(c) Excludes interbank deposits.

(d) SRR was reduced from 8.00 per cent to 6.00 per cent with effect from 01 July 2013.

**Notes :**

- (1) Commercial banks charge a variety of fees and commissions on their services. The table gives a range of the maximum and minimum fees and commissions which are based on the information provided by commercial banks. These charges, which do not change very frequently, are published semi-annually to enable the public to negotiate best terms. These fees and commissions could be different when services and products are provided as a package.
- (2) These are standard charges of commercial banks. However, charges for some specific products could include charges payable to banks abroad. For example, banks in Sri Lanka may include in their charge fees payable to banks abroad such as for adding confirmation to Letters of Credit, and for correction of discrepancies.
- (3) In the case of Documentary Credits, the charges for transmission outward from Sri Lanka would differ, depending on the mode of transmission used.
- (4) Loan application processing fees vary according to the loan amount.
