Note: With the approval of the Cabinet of Ministers at its meeting held on 30 January 2023, the outstanding foreign currency guaranteed debt of the CPC was absorbed into central government debt with effect from December 2022, in line with the actions agreed under the IMF-EFF arrangement to restructure the balance sheets of selected SOBEs. Accordingly, a part of this adjustment was effected in April 2023, hence, was reflected in the balance sheet of the particular state-owned commercial bank, which caused a reduction in credit to public corporations/ SOBEs and an expansion in NCG.
