Note 1: With the establishment of the Public Debt Management Office (PDMO) under the Ministry of Finance, Planning and Economic Development (MOF), the responsibility for recording and publishing Sri Lanka's public debt now falls under the PDMO, as mandated by the provisions of the Public Debt Management Act, No. 33 of 2024. Accordingly, the Quarterly Statistical Debt Bulletin, published by the PDMO, will serve as the official source for debt statistics. The Central Bank compiles and present this table based on data received from the MOF to ensure data continuity, following the Government Finance Statistics Manual 2014 (GFS 2014).

Note 2: From 2023 onwards, debt statistics details given in this format will only be available to be published on a quarterly basis

(a) Provisional

(b) The outstanding central government debt excludes several debt service payments that became overdue after 12 April 2022, the date of which the Interim Policy regarding the servicing of Sri Lanka's external public debt was announced by the Ministry of Finance, Planning and Economic Development. These debt service payments comprise of certain overdue interest payments of affected debt which deemed to be capitalised as per the Interim Policy.

(c) Revised

(d) As per the guidelines of compiling government debt statistics in the Manual of Government Finance Statistics published by the IMF in 2014, non resident holdings of outstanding SLDs have been classified under foreign debt and resident holdings of outstanding of ISBs of the Sri Lankan Government have been classified under domestic debt. Further, debt statistics are presented on net basis (net of deposits).

(e) Includes outstanding balance of the government guaranteed foreign currency debt of the Ceylon Petroleum Corporation that was absorbed into central government debt.

(f) Institution wise classification was revised based on records of the Central Depository System.

(g) Foreign loan debt statistics and classification of foreign debt are prepared based on the data sourced from the Commonwealth Secretariat Debt Recording and Management System (CS-DRMS) maintained by the Ministry of Finance, Planning and Economic Development.

(h) From December 2022 onwards, several outstanding project loans which were previously classified under Ceylon Electricity Board, Airport and Aviation Services Ltd. and Sri Lanka Ports Authority were absorbed into central government debt.

(b) M2 = M1 + Time & Savings Deposits of DBUs

(c) Net Foreign Assets (NFA) of the Central Bank are based on market value from beginning of January 2002. This is reflected in NFA and net other items.

(d) Based on the consolidated monetary survey, which covers aggregated data pertaining to both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of commercial banks operating in Sri Lanka. It also includes foreign currency deposits held by residents. M2b is the sum of M1 and adjusted quasi money. M1 is the same in both cases: i.e., DBU monetary survey and consolidated monetary survey.

(a) Reserve data have been revised to include balances in DST's special yen accounts in consultation with IMF, and placement for war risk insurance. From October 2002 external assets are calculated at market values.

(b) This includes proceeds from the PBOC swap arrangement, which is subject to conditionalities on usability.

(c) Average for the last five working days of the month of March based on actual transactions.

(d) The NEER is the weighted average of nominal exchange rates of the 24 trading partner and competitor countries. Weights are based on the trade shares reflecting the relative importance of each currency in the currency basket.

(e) The REER is computed by adjusting the NEER for inflation differentials (based on CCPI) with the countries whose currencies are included in the basket. The REER Indices for 2024 are provisional.
