

Weekly Economic Indicators

24 October 2014

Statistics Department

Real Sector & Inflation

Annual average inflation decelerated further to 4.2 per cent in September 2014 from 4.5 per cent in the previous month, continuing its decelerating trend for the sixteenth consecutive month. Year-on-year inflation stabilized at the same level of 3.5 percent recorded in August 2014. Within the Non-food category, prices of items in the sub groups of Housing, Water, Electricity, Gas and other Fuels; and Transport decreased due to the downward revision of fuel prices from 17 September 2014. Core inflation, which measures the underlying inflation in the economy, decreased in September 2014 compared to the previous month on YoY basis while annual average inflation remained unchanged during the month.

The economy continued its growth momentum by recording a 7.8 per cent growth in real terms during the second quarter of 2014, supported by the 12.2 per cent growth of the Industry sector, 6.5 per cent growth in Agriculture sector and 5.8 per cent growth of Services sector.

While the coconut production recorded an increase of 11 per cent during the first seven months of 2014, the Rubber production showed a decline of 1.7 per cent during the same period. Meanwhile, it is noted that the Tea production recorded an increase of 1.3 per cent during the first eight months of 2014.

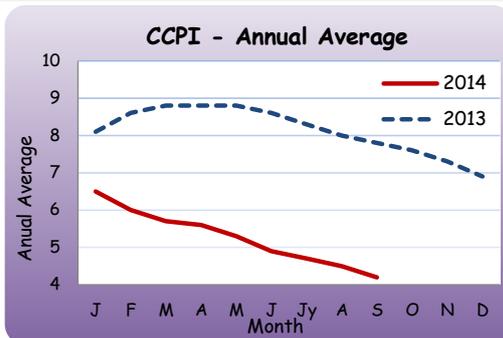

The FIPI increased by 6.2 per cent on year-on-year basis in June 2014. This was facilitated by increased production of wearing apparel as well as rubber and plastic products sectors which recorded a significant growth of 22.6 per cent and 15.5 per cent respectively due to increased domestic as well as international demand.

During the week crude oil spot prices showed mixed performance. Price increases were reported on robust U.S. economic data and after Libyan oil officials said that OPEC should cut its oil output by at least 500,000 barrels per day to tackle oversupply and support prices that have slid to a four-year low. At the end of the week, the crude oil price increases were further supported by news that Saudi Arabia, the world's biggest crude exporter, is said to reduce its crude oil supply to the market by 328,000 from the previous month which supplied 9.36 million barrels a day. However, price increases were curtailed by abundant oil supplies and slack demand. China's economy grew by 7.3 per cent in the third quarter, its weakest expansion since 2009. Crude stockpiles in the U.S. surged far more than analysts had expected. U.S Energy Information Administration (EIA) reported crude stocks rose by 7.1 million barrels, more than double the 2.7 million barrel increase analysts had forecast.

(*) CPC import prices are not directly comparable with spot prices of WTI and Brent as CPC import prices include freight charges and the price is weighted for average prices of different types of crude oil. Also Part of the imports of CPC are on a term contract basis.

Monetary Sector

Weekly AWPR for the week ending 24 October 2014 increased by 29 bps to 6.61 per cent compared to the previous week.

Broad money (M2b) expanded by 12.3 per cent in August 2014. NFA of the banking system increased by Rs. 10.7 billion in August 2014 compared to July 2014. NCG from the banking system showed a rapid decline of Rs. 40.0 billion in August 2014 compared to July 2014, while credit to public corporations increased by Rs. 11.0 billion. Credit extended to the private sector increased by Rs. 47.7 in August 2014, compared to July 2014 despite the decline in pawning advances and repayment of short term advances by the corporate sector.

The reserve money decreased compared to the previous week mainly due to decrease in deposits by the commercial banks with the Central Bank.

The total outstanding market liquidity decreased to Rs. 347.01 bn by end of the week, compared to Rs. 347.76 bn by the end of last week. Majority of the liquidity has been absorbed through the Term Repo auctions and Short-term Repo auctions.

By 24 October 2014, the All Share Price Index (ASPI) declined by 0.29 per cent to 7,213 points while the S&P SL 20 Index declined by 0.64 per cent to 4,004 points compared to the previous week.

Fiscal Sector

During the first half of 2014, total revenue as a percentage of estimated GDP declined marginally to 5.4 per cent from 5.6 per cent in the corresponding period of 2013. However, in nominal terms, total revenue increased to Rs. 536.4 billion during the first half of the year from Rs. 487.9 billion recorded during the same period in 2013 reflecting an increase in both tax revenue and non-tax revenue. Tax revenue increased to Rs. 484.4 billion during the first half of 2014 compared to Rs. 441.5 billion recorded during the corresponding period in 2013 mainly due to the increase in revenue from corporate and non-corporate income tax, VAT revenue generated from both imports and domestic economic activities, excise tax on motor vehicles and PAL. Meanwhile, non-tax revenue increased during the period mainly due to a significant increase in profit and dividend transfers from State Owned Business Enterprises.

Total expenditure and net lending as a percentage of estimated GDP during the first half of 2014 declined to 9.2 per cent compared to 10 per cent recorded in the corresponding period in 2013 due to the decline in both recurrent expenditure and capital expenditure and net lending.

Total outstanding debt increased by Rs. 548 billion to Rs. 7,341.3 billion as at end June 2014 from Rs. 6,793.2 billion at end 2013.

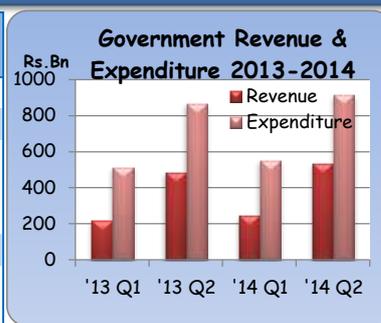

Foreign debt increased by Rs. 312.3 billion to Rs. 3,272.7 billion and domestic debt increased by Rs. 235.7 billion to Rs. 4,068.6 billion as at end June 2014 from end December 2013.

The government made several changes to the Special Commodity Levy (SCL) during the second quarter of the year with a view to maintaining stable prices in the domestic market. SCL of 10 per cent per kg was imposed in April 2014 for a period of two months on the importation of sorghum and maize in place of 15 per cent of Customs duty, 12 per cent of VAT, 2 per cent of NBT, 5 per cent of PAL and 35 per cent of Cess and was extended till July. Further, SCL of Rs.5 per kg was imposed in April 2014 for a period of three months on the importation of rice in place of customs duty of Rs. 20 per kg, 12 per cent of VAT, 2 per cent of NBT and 5 per cent of PAL. SCL on the importation of potatoes was reduced from Rs. 25 per kg to Rs. 15 per kg for a period of seven months while SCL on the importation of Sugar was reduced from Rs. 30 per kg to Rs. 25 per kg. SCL on the importation of the whole massor dhal was reduced to Rs. 5 per kg from Rs. 10 per kg for a period of seven months and SCL on the importation of the split massor dhal was extended for a period of seven months. In June 2014, the duty waiver applicable on imported milk powder was reduced by Rs. 25 per kg, hence the applicable duty rate was increased to Rs. 82 per kg.

External Sector

During the year so far (up to 24 October 2014) the rupee depreciated against the US dollar (0.01 per cent). Given the cross currency exchange rate movements, the Sri Lanka rupee appreciated against the euro (9.03 per cent), pound sterling (2.83 per cent) and the Japanese yen (2.90 per cent) and depreciated against the Indian rupee (1.23 per cent) during this period.

In August 2014, export increased mainly due to the increase in agricultural exports despite the decline in industrial exports. Expenditure on imports in August 2014 reflecting an increase in all major import categories, but were particularly in fuel. As the growth of exports earnings were outweighed by the growth of import expenditure in August 2014, trade deficit widened to US dollar 733 million, compared to US dollars 556 million in August 2013. However, on a cumulative basis, trade deficit in first eight months of 2014 is lower by 7.1 per cent compared to the corresponding period in 2013.

The increase in import prices at a higher rate than export prices resulted in a deterioration in the terms of trade in July 2014. The import price index increased by 6.4 per cent, year-on-year, to 106.1 index points mainly due to the increase in the average price level of investment goods. Meanwhile, the average price levels of many exported items, increased in July 2014, leading to an overall increase in the export price index by 1.9 per cent to 97.5 index points. Accordingly, the terms of trade index deteriorated by 4.3 per cent to 91.9 index points in July 2014 from 96.0 index points in July 2013.

The average price of tea in the Colombo auction increase in August 2014 compared to the corresponding month of 2013.

India, UK, China, Germany and France were the top five sources of tourist arrivals upto September 2014, accounting for 46.1 per cent of total tourist arrivals during the year upto September 2014.
