

# Weekly Economic Indicators

26<sup>th</sup> October 2018

## Highlights of the Week

### Real Sector

The year-on-year NCPI headline inflation decreased to 0.9 per cent in September 2018, the lowest since January 2016, from 2.5 per cent in August 2018 on year-on-year basis. The change in the NCPI measured on an annual average basis decreased to 4.0 per cent in September 2018 from 4.7 per cent in August 2018. When the monthly change is considered, the NCPI decreased from 125.4 index points in August 2018 to 124.4 index points in September 2018 due to decline in prices of the items in the Food category. The NCPI Core inflation increased to 3.1 per cent in September 2018 from 2.7 per cent in August 2018 on year-on-year basis.

During the period, crude oil prices largely followed a declining trend. At the beginning of the week prices rose marginally, ahead of US sanctions against Iran's crude oil exports. However, subsequently prices fell to two-month low levels supported by sharp sell-off in global stock markets. Prices again rose towards the end of the week, with the rebound in US stock market. Overall, both Brent and WTI prices fell by US\$ 3.3 per barrel and US\$ 2.4 per barrel, respectively, within the period.

### Monetary Sector

Weekly AWPR for the week ending 26 October 2018 increased by 41 bps to 12.82% compared to the previous week.

The reserve money decreased compared to the previous week mainly due to decrease in currency in circulation.

The total outstanding market liquidity increased to a deficit of Rs. 119.596 bn by end of the week, compared to a deficit of Rs. 125.475 bn by the end of last week.

By 26 October 2018, the All Share Price Index (ASPI) increased by 1.23% to 5,832 points and the S&P SL 20 Index increased by 2.76% to 2,997 points, compared to the previous week.

### External Sector

During the year up to 26 October 2018 the Sri Lanka rupee depreciated against the US dollar (11.6 per cent). Given the cross currency exchange rate movements, the Sri Lanka rupee depreciated against the euro (7.1 per cent), the pound sterling (7.2 per cent) and the Japanese yen (11.9 per cent) while appreciated against the Indian rupee (1.1 per cent) during this period.

Ceylon Petroleum Corporation

(a) Please note that crude oil prices are based on futures prices instead of spot prices, that have been published up to end 2017.

(\*) CPC import prices are not directly comparable with futures prices of WTI and Brent as CPC's import prices include freight charges and the price is weighted for average prices of different types of crude oil. Also part of the imports of CPC are on a term contract basis.
