Real Sector

Inflation, as measured by the change in the National Consumer Price Index (NCPI) (2013=100), which is compiled by the Department of Census and Statistics, increased to 5.3 per cent in May 2016 from 4.3 per cent in April 2016, on year-on-year basis. Both Food and all Non-food categories except for the Housing, Water, Electricity, Gas, and Other Fuels sub-category contributed towards the year-on-year inflation. The change in the NCPI measured on an annual average basis increased to 2.7 per cent in May 2016 from 2.6 per cent in April 2016. When the monthly change is considered, the NCPI increased by 1.9 per cent from April 2016 to May 2016. This monthly increase was mainly due to the increase in prices of the items in the Non-food category. Core inflation, which reflects the underlying inflation in the economy increased to 7.2 per cent in May 2016 from 5.9 per cent in April 2016, on a year-on-year basis. Annual average NCPI Core inflation increased to 5.0 per cent in May 2016 from 4.7 per cent in April 2016.

Inflation, as measured by the change in the Colombo Consumers' Price Index (CCPI) (2006/07=100) compiled by the Department of Census and Statistics increased to 6.0 per cent in June 2016 from 4.8 per cent in May 2016, on an year-on-year basis. Annual average inflation increased to 2.2 per cent in June 2016 from 1.7 per cent in May 2016. The monthly change in CCPI in June 2016 was 2.1 per cent. Core CCPI decreased to 6.4 per cent in June 2016 from 6.6 per cent in May 2016, on an year-on-year basis. Annual average core CCPI increased to 4.8 per cent in June 2016 from 4.5 per cent in May 2016.

The GDP grew by 5.5 per cent in real terms in first quarter of 2016, mainly attributable to 4.9 per cent, 8.3 per cent and 1.9 per cent growth in Services activities, Industry activities and Agriculture activities, respectively, in value added terms.

The production of tea and rubber has recorded a decline of 12.9 per cent and 2.6 per cent respectively during the first four months of 2016. However, the coconut production has recorded an increase of 5.1 per cent during the similar period.

The FIPI increased by 3.4 per cent on a year-on-year basis in March 2016. This growth was mainly facilitated by increased production of tobacco products, other non-metallic mineral products and rubber and plastic products sectors. They have recorded significant growths of 19.9, 8.5 and 7.3 per cent respectively during this period. This was mainly attributed to increased domestic and international demand.

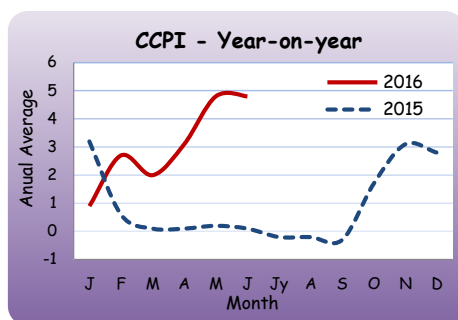

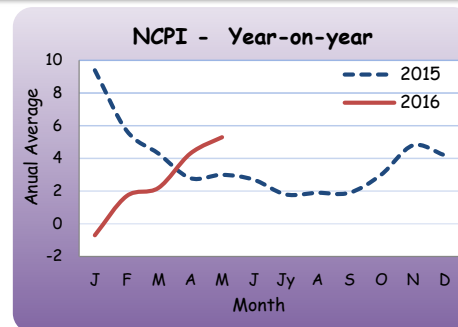

During the week crude oil spot prices showed mixed performance. At the beginning of the week prices fell on a rallying dollar and market uncertainty over Britain's shocking vote to exit the European Union. Subsequently, prices rose after a larger-than-expected drawdown in U.S. crude inventories. Price increases were further supported by fading concerns over the so-called Brexit, potential oil workers' strike in Norway and a crisis in Venezuela's energy sector. Prices again fell due to returning Nigerian and Canadian crude output from outages and as traders booked profits at the end of the best quarter in seven years. Production in Nigeria has risen to about 1.9 million barrels per day from 1.6 million, due to repairs and lack of new major attacks on pipelines. A Reuters survey showed that OPEC's oil output rose in June to its highest in recent history.

Tax revenue increased by 26.3 per cent to Rs. 325.4 billion during the first quarter of 2016 from Rs. 257.7 billion in the corresponding period of 2015 mainly due to increase in revenue from excise taxes, income taxes and import related taxes. Total expenditure and net lending during the first quarter of 2016 is estimated to be declined to 4.3 per cent of estimated GDP from 4.4 per cent of GDP during the same period in 2015 mainly due to decline in recurrent expenditure to 3.5 per cent of estimated GDP from 3.6 per cent of GDP recorded in the same period in 2015. However, in nominal terms, total expenditure and net lending is estimated to be increased by 6.7 per cent to Rs. 526.3 billion during the first quarter of 2016 in comparison to Rs. 493.4 billion recorded in the same period of 2015, due to a considerable increase in expenditure on salaries and wages and pension.
