

Weekly Economic Indicators

12 August 2016

Statistics Department

Real Sector

Inflation, as measured by the change in the National Consumer Price Index (NCPI) (2013=100), which is compiled by the Department of Census and Statistics, increased to 6.4 per cent in June 2016 from 5.3 per cent in May 2016, on year-on-year basis. Both Food and Non-food categories contributed towards the year-on-year inflation in June 2016. The change in the NCPI measured on an annual average basis increased to 3.1 per cent in June 2016 from 2.7 per cent in May 2016. When the monthly change in the NCPI is considered, the NCPI increased by 2.1 per cent from 113.7 index points in May 2016 to 116.1 index points in June 2016. This monthly increase was mainly due to the increase in prices of the items in the Food category. Meanwhile, NCPI Core inflation, which reflects the underlying inflation in the economy increased to 7.5 per cent in June 2016 from 7.2 per cent in May 2016, on year-on-year basis. Annual average NCPI Core inflation increased to 5.3 per cent in June 2016 from 5.0 per cent in May 2016.

Inflation, as measured by the change in the Colombo Consumers' Price Index (CCPI) (2006/07=100) compiled by the Department of Census and Statistics decreased to 5.5 per cent in July 2016 from 6.0 per cent in June 2016, on an year-on-year basis. Annual average inflation increased to 2.7 per cent in July 2016 from 2.2 per cent in June 2016. The monthly increase in CCPI was 0.2 per cent. Core CCPI decreased to 5.8 per cent in July 2016 from 6.4 per cent in June 2016, on an year-on-year basis. Annual average core CCPI increased to 4.9 per cent in July 2016 from 4.8 per cent in June 2016.

The GDP grew by 5.5 per cent in real terms in first quarter of 2016, mainly attributable to 4.9 per cent, 8.3 per cent and 1.9 per cent growth in Services activities, Industry activities and Agriculture activities, respectively, in value added terms.

During the first half of 2016 production of tea declined due to unfavourable weather conditions and low demand from prime export destinations while production of rubber declined due to the slowdown of tapping activities. However, the coconut production has recorded an increase during the similar period.

The FIPI decreased by 8.4 per cent on a year-on-year basis in April 2016. This decline was mainly due to decreased production of food products, wearing apparel, beverages, tobacco products and rubber and plastic products sub-sectors. This was mainly attributed to decreased domestic and international demand.

During the week crude oil spot prices largely followed an increasing trend. At the beginning of the week prices rose amid renewed speculation that some members of OPEC would try to restrain output, easing oversupply worries that pressured the market to three-month lows last week. Subsequently, prices fell as a global supply overhang and an upgrade in U.S. oil production forecasts by Energy Information Administration (EIA) weighed on markets. Further, the EIA reported crude inventories rose by 1.1 million barrels while Saudi Arabia reported a record 10.67 million barrels per day production in July. Towards the end of the week prices again rose after comments of Saudi energy minister about possible action to stabilize prices and the International Energy Agency forecast crude markets would tighten in the second half of 2016. According to the minister, OPEC members and non-members would discuss the market situation, including any action that may be required to stabilize prices, during an informal meeting on September 26-28.

(*) CPC import prices are not directly comparable with spot prices of WTI and Brent as CPC is import prices include freight charges and the price is weighted for average prices of different types of crude oil. Also Part of the imports of CPC are on a term contract basis.

Monetary Sector

Weekly AWPR for the week ending 12 August 2016 increased by 29 bps to 11.74 per cent compared to the previous week.

Broad money (M2b) expanded by 16.5 per cent on a year-on-year basis in May 2016.

NFA of the banking system declined marginally by Rs. 3.3 billion in May 2016.

NCG from the banking system showed an increase of Rs. 6.1 billion in May 2016.

Credit extended to the private sector increased by Rs. 60.2 billion in May 2016.

The reserve money increased compared to the previous week mainly due to increase in currency in circulation and deposits held by commercial banks.

The total outstanding market liquidity increased to a short position of Rs. 40.10 bn by end of the week, compared to an short position of Rs. 48.22 bn by the end of last week.

By 12 August 2016, All Share Price Index (ASPI) increased marginally by 0.08 per cent to 6,522 points while S&P SL 20 Index increased by 1.00 per cent to 3,567 points, compared to the previous week.

Fiscal Sector

During the first quarter of 2016, government revenue as a percentage of estimated GDP increased to 2.8 per cent from 2.5 per cent in the corresponding period in 2015. Average monthly revenue during this period was around Rs. 115.2 billion compared to Rs. 95.2 billion recorded in the same period of 2015. Tax revenue increased by 26.3 per cent to Rs. 325.4 billion during the first quarter of 2016 from Rs. 257.7 billion in the corresponding period of 2015 mainly due to increase in revenue from excise taxes, income taxes and import related taxes. Non tax revenue declined by 27.5 per cent to Rs. 20.2 billion during the first quarter of 2016 compared to Rs. 27.9 billion in the corresponding period of 2015 mainly due to decline in profits and dividend from State Owned Business Enterprises (SOBEs).

Total expenditure and net lending during the first quarter of 2016 is estimated to be declined to 4.3 per cent of estimated GDP from 4.4 per cent of GDP during the same period in 2015 mainly due to decline in recurrent expenditure to 3.5 per cent of estimated GDP from 3.6 per cent of GDP recorded in the same period in 2015. However, in nominal terms, total expenditure and net lending is estimated to be increased by 6.7 per cent to Rs. 526.3 billion during the first quarter of 2016 in comparison to Rs. 493.4 billion recorded in the same period of 2015, due to a considerable increase in expenditure on salaries and wages and pension.

In nominal terms, total outstanding government debt increased to Rs. 8,772.4 billion as at end March 2016 from Rs. 8,503.2 billion at end 2015. Foreign debt decreased by Rs. 38.9 billion to Rs. 3,505.1 billion while domestic debt increased by Rs. 308.1 billion to Rs. 5,267.3 billion.

External Sector

During the year up to 12 August 2016 the rupee depreciated against the US dollar (1.0 per cent). Given the cross currency exchange rate movements, the Sri Lanka rupee appreciated against the pound sterling (13.1 per cent) and depreciated against Indian rupee (0.5 per cent), Japanese yen (16.1 per cent) and euro (2.9 per cent) during this period.

Earnings from exports declined by 12.0 per cent, Year on Year, to US dollars 776 million in May 2016, reflecting contractions in all major categories of exports. The subdued performance in tea exports, rubber products and textiles and garments contributed mainly to the overall decline in export earnings. On a cumulative basis, earnings from exports declined by 6.0 per cent, Year on Year, to US dollars 4,211 million during the first five months of 2016 largely due to the reduction in export earnings from transport equipment, petroleum products, tea and spices.

Expenditure on imports grew marginally by 0.3 per cent, year-on-year, to US dollars 1,590 million in May 2016. This growth was largely contributed by the significant increase registered in import expenditure on investment goods, despite the decline recorded in consumer goods and intermediate goods imports. On a cumulative basis, expenditure on imports during the first five months of 2016 decreased by 2.8 per cent to US dollars 7,645 million mainly due to the declines recorded in fuel, transport equipment and rice imports.

The terms of trade improved by 11.8 per cent compared to the corresponding month of previous year due to deteriorating of import prices compared to export prices. The export unit value index declined by 0.5 per cent, year-on-year in April 2016. Significant decline recorded in prices of agricultural exports largely contributed to this decline. The import unit value index declined by 11.0 per cent, year-on-year, in April 2016, as a result of declines recorded in unit price indices of intermediate goods and investment goods.

India, China, UK, Germany and France were the top five sources of tourist arrivals in July 2016, accounting for 52.1 per cent of total tourist arrivals upto the month of July 2016

The average price of tea increased by 4.0 per cent to US dollars 3.08 per kg in May 2016 from US dollars 2.96 per kg (in the Colombo auction) in May 2015.

Further, the import prices of rice and wheat decreased compared to the corresponding month of 2015.
